

ANSI Partnership with NYU-Poly: Online Master's Degree Courses

NYU

TANDON SCHOOL
OF ENGINEERING

NYU-ePoly, the online learning initiative of NYU-Poly, provides 17 online master's degrees and advance certificates. The graduate degrees offered by NYU-ePoly (<http://www.poly.edu/nyuepoly>) include Bioinformatics, Cybersecurity, Electrical Engineering, Manufacturing Engineering, Project Management, and Wireless Innovation. The degree programs and courses incorporate the latest in technology to ensure that you will lead in your field of study or practice.

ANSI full members will receive a **15% tuition rebate** upon successful completion of any online course at NYU-Poly. This can lead to significant savings for qualified members who are pursuing a master's degree.

[NYU-Poly](#) is a comprehensive school of engineering, applied sciences, technology, and research. It is a fully accredited institution of higher education that has been at the forefront of teaching the latest technical innovations since its founding over 150 years ago. U.S. News & World Report, widely known for its ratings of educational institutions, ranks NYU-Poly among the best engineering graduate schools in several measures of the quality of distance learning.

For more information about taking NYU-Poly online courses, please email nyuepoly@poly.edu or call 1-877-503-7659.
