

Electronic Distribution of IEC Documents

The USNC operates primarily on the basis of providing access to its constituency to IEC electronic documents. All Technical Advisors (TAs), Deputy Technical Advisors (DTAs) and TAG Secretaries have been provided direct access via User Names and Passwords to the IEC Server so that they can download the working documents that relate to their technical area. In some TAGs, the TAG Secretary maintains an IEC document file and makes related documents available to the individual TAG membership. In other cases, with the authorization of the TAG Leadership, individual TAG members are provided with User Names and Passwords so they can have direct access to related IEC documents. Each TAG is responsible for determining how it will operate with respect to the electronic distribution of IEC Documents.

Subscription to NewDoc and/or MyDoc in order to Keep Informed of Newly Posted IEC Documents

Two weekly E-Mail notification services are available by subscription and those who subscribe will be notified each week of the IEC TC/SC documents that have been added to the Server since the prior week. The USNC constituency is encouraged to subscribe to one of these E-Mail services.

1) How to Register for NewDocs

NewDocs is a subscription to receive information on all new drafts posted to the IEC Website from all TC/SCs. User Name and Password are not needed to subscribe to this service. Go to

www.iec.ch/newdocs/

2) How to Register for MyIEC

MyIEC is a subscription to receive information of new draft document posted to the IEC Website whereby you can create or customize a list of the TC/SCs that are of interest to you. To subscribe you will need a User Name and Password and, if you don't already have them, contact the USNC Office, Mary Johnson (Tel: 212 642 4939 E-Mail: mjohnson@ansi.org) Follow the hyperlink above and click on the subscribe tab at the top right corner of the page.
