

# Chemical Regulation Events Calendar

Administered by the American National Standards Institute

The Chemical Regulation Events Calendar provides information about upcoming events that highlight chemicals regulations, supply chain, and /or REACH standardization and conformity assessment activities around the globe.

To add an event to the calendar, please email [chemicals@ansi.org](mailto:chemicals@ansi.org). Each submission must include a complete description of the event, including the date(s), location, brief description (150 word maximum), registration process, fees, and the URL where more information can be found. Submission does not guarantee placement.

Date	Event Details
	<p>Brief Description: The summit plans to foster closer ties between the U.S. and Indian plastics industries as well as discuss bilateral trade opportunities. The trade summit will feature sessions on:</p> <ul style="list-style-type: none"> <li>• Overview of the Indian, U.S. and Global Market Trends;</li> <li>• Resources for a Successful Partnership;</li> <li>• Challenges to Closer Cooperation between the Indian and U.S. Plastics Industries; and</li> <li>• Approaches to Seeking and Attaining Greater U.S.-India Collaboration.</li> </ul> <p>The U.S. plastics industry exported over \$389 million to India in 2007 and is on course to export over \$550 million to India in 2008. Moreover, U.S. exports of plastics to India have grown nearly 400% over the last five years. As companies position themselves to compete in the current economic climate, India continues to offer significant growth potential.</p> <p>Additional event information, including the summit agenda, may be found on <a href="#">SPI's website</a>.</p>
