

MEMORANDUM OF UNDERSTANDING
BETWEEN
THE THAI INDUSTRIAL STANDARDS INSTITUTE
AND
THE AMERICAN NATIONAL STANDARDS INSTITUTE

The Thai Industrial Standards Institute (TISI) and the American National Standards Institute (ANSI):

Recognizing the desirability of the global use of international standards;

Committed to ensuring that their national standards and their application facilitate international trade;

Pledging to facilitate cooperation between TISI and ANSI to that end;

Hereby endorse the following articles of this MOU concerning matters covering standardization, conformity assessment and the mutual exchange of information and publications between the respective organizations.

Article 1

TISI and ANSI agree to:

- (1) exchange views on the activity, operations and program of work of various international and regional standardization and conformity assessment organizations, including but not limited to the International Organization for Standardization (ISO), the International Electrotechnical Commission (IEC), and the Pacific Area Standards Congress (PASC);
- (2) share each other's views and, where feasible, work to develop mutually supportive positions relating to those organizations.

Article 2

TISI and ANSI agree to:

- (1) facilitate dialogue among Thai and U.S. experts in various areas of standardization and conformity assessment as determined by special arrangements between the parties;
- (2) encourage standards organizations in their countries to identify their counterpart groups for the purpose of establishing bilateral relationships, including mutual exchange of information and materials, trade shows/exhibits, and possible joint business ventures, to stimulate industry-to-industry cooperation as a building block to international standardization and free trade;
- (3) arrange exchange of visits of the senior management of TISI and ANSI;
- (4) explore organizing and sponsoring conferences, workshops, technical symposia on standardization and conformity assessment subjects of mutual interest;
- (5) promote mutual understanding of the standards development processes in both countries;

- (6) exchange practices and experience on accreditation of standards development organizations (SDOs) in their countries; and
- (7) appoint a contact person to be in charge of correspondence and coordination of meetings and visits between the parties.

Article 3

TISI and ANSI agree to exchange, using all appropriate media:

- (1) current catalogues of their national standards and procedures published by the respective organizations;
- (2) general information and publications on standardization and conformity assessment published by the respective organizations;
- (3) general materials for training courses on standardization and conformity assessment developed and published by the respective organizations; and
- (4) periodical publications and other relevant information published by the respective organizations. Further to this item, TISI is given ANSI's permission to translate and reprint free of charge any articles in any of ANSI's online media when ANSI as the source is attributed.

Article 4

Any issues arising from the interpretation or implementation of this MOU will be settled through consultations between TISI and ANSI or such other means as they may mutually decide.

Article 5

- (1) This MOU can be amended by the written agreement of both parties.
- (2) This MOU is valid until terminated. Either Party may terminate this MOU by providing the other party with a written notice at least six months in advance.
- (3) Notice to terminate or amend the MOU shall not retroactively change the terms of any existing project or program being undertaken by the parties for the specific term of the project or program without consent of both parties.

Signed in Geneva on 19 September 2007, in duplicate in the English language.
