Topic  Notice Pursuant to the National Cooperative Research and Production Act of 1993--American Society of Mechanical Engineers

Date-FR-Doc.-Pages  11/16/2010 pp. 70031

Standard Ref.  ASME

Summary  Pursuant to 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 et seq., the American Society of Mechanical Engineers (ASME) has filed written notifications with the Attorney General and the Federal Trade Commission disclosing additions or changes to its standards development activities. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Since June 24, 2010, ASME has published five new standards, initiated seven new standards activities, and withdrawn three standards within the general nature and scope of ASME's standards development activities, as specified in its original notification.

Topic  Compatibility of Underground Storage Tank Systems With Biofuel Blends, Notice of Proposed Guidance and Request for Comments

Date-FR-Doc.-Pages  11/17/2010 pp. 70241-70246

Standard Ref.  UL, EPA

Summary  EPA's Office of Underground Storage Tanks intends to issue guidance that would clarify EPA's underground storage tank (UST) compatibility requirement as it applies to UST systems storing gasoline containing greater than 10 percent ethanol and diesel containing an amount of biodiesel yet to be determined. This notice solicits comment on the proposed guidance. Comments must be received by December 17, 2010.
