

U.S. Federal Register Update: April 11 – 15, 2016

The U.S. Federal Register Update contains summaries of entries in the U.S. Federal Register that may be of particular interest to the standards and conformity assessment community. This update is provided on a weekly basis by ANSI as a service to its members as part of the Institute's e-newsletter, *What's New?*

[Notice of Petition for Waiver From York-Shiple Global, Division of AESYS Technologies, LLC From the Department of Energy Commercial Packaged Boiler Test Procedure](#)

Published 4/15/2016

Reference ANSI, ASHRAE, ASME

This notice announces receipt of a petition for waiver from York-Shiple Global, Division of AESYS Technologies, LLC (York-Shiple) seeking an exemption from specified portions of the U.S. Department of Energy (DOE) test procedure applicable to commercial packaged boilers. York-Shiple contends that some of their commercial packaged boilers cannot be accurately tested using the currently applicable DOE test procedure and, as a result, seeks to use an alternate test procedure to test these basic models. DOE solicits comments, data, and information concerning York-Shiple's petition and the suggested alternate test procedure. **DOE will accept comments, data, and information with respect to the York-Shiple petition until May 16, 2016.**

[Notice of Petition for Waiver From Superior Boiler Works, Inc. From the Department of Energy Commercial Packaged Boiler Test Procedure](#)

Published 4/15/2016

Reference ANSI, ASHRAE, ASME

This notice announces receipt of a petition for waiver from Superior Boiler Works, Inc. (Superior) seeking an exemption from specified portions of the U.S. Department of Energy (DOE) test procedure applicable to commercial packaged boilers. Superior contends that some of their commercial packaged boilers cannot be accurately tested using the currently applicable DOE test procedure and, as a result, seeks to use an alternate test procedure to test these basic models. DOE solicits comments, data, and information concerning Superior's petition and the suggested alternate test procedure. **DOE will accept comments, data, and information with respect to the Superior petition until May 16, 2016.**

[Notice of Petition for Waiver From Cleaver-Brooks From the Department of Energy Commercial Packaged Boiler Test Procedure](#)

Published 4/15/2016

Reference ANSI, ASHRAE

This notice announces receipt of a petition for waiver from Cleaver-Brooks seeking an exemption from specified portions of the U.S. Department of Energy (DOE) test procedure applicable to commercial packaged boilers. Cleaver-Brooks contends that some of their commercial packaged boilers cannot be accurately tested using the currently applicable DOE test procedure and, as a result, seeks to use an alternate test procedure to test these basic models. DOE solicits comments, data, and information concerning Cleaver-Brooks' petition and the suggested alternate test procedure. **DOE will accept comments, data, and information with respect to the Cleaver-Brooks petition until May 16, 2016.**

[TUV SUD America Inc.: Grant of Expansion of Recognition](#)

Published 4/15/2016

Reference ANSI, UL

In this notice, OSHA announces its final decision to expand the scope of recognition for TUV SUD America Inc. as a Nationally Recognized Testing Laboratory (NRTL). **The expansion of the scope of recognition becomes effective on April 15, 2016.**

[Hazardous Materials: Notice of Applications for Special Permits](#)

Published 4/14/2016

Reference ASME

In accordance with the procedures governing the application for, and the processing of, special permits from the Department of Transportation's Hazardous Material Regulations (49 CFR part 107, subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the application described herein. Each mode of transportation for which a particular special permit is requested is indicated by a number in the "Nature of Application" portion of the table

below as follows: 1—Motor vehicle, 2—Rail freight, 3—Cargo vessel, 4—Cargo aircraft only, 5—Passenger-carrying aircraft. **Comments must be received on or before May 16, 2016.**

[Accreditation and Approval of King Laboratories, Inc., as a Commercial Gauger and Laboratory](#)

Published 4/11/2016

Reference ASTM

Notice is hereby given, pursuant to CBP regulations, that King Laboratories, Inc., has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes for the next three years as of September 16, 2015. **Notice of accreditation and approval of King Laboratories, Inc., as a commercial gauger and laboratory.**

[Air Plan Approval; Minnesota and Michigan; Revision to 2013 Taconite Federal Implementation Plan Establishing BART for Taconite Plants](#)

Published 4/12/2016

Reference ISO

The Environmental Protection Agency (EPA) is finalizing a revision to the Federal implementation plan (FIP) addressing the requirement for best available retrofit technology (BART) for taconite plants in Minnesota and Michigan. In response to petitions for reconsideration, we are revising the nitrogen oxides (NO X) limits for taconite furnaces at facilities owned and operated by Cliffs Natural Resources (Cliffs) and ArcelorMittal USA LLC (ArcelorMittal). Cliffs owns and operates Tilden Mining and United Taconite. Hibbing is owned by Cliffs, ArcelorMittal and U.S. Steel and operated by Cliffs. ArcelorMittal is owner and operator of Minorca Mine. We are also revising the sulfur dioxide (SO 2) requirements at two of Cliffs' facilities. We are making these changes because new information has come to light that was not available when we originally promulgated the FIP on February 6, 2013. **This final rule is effective on May 12, 2016.**

[Biweekly Notice; Applications and Amendments to Facility Operating Licenses and Combined Licenses Involving No Significant Hazards Considerations](#)

Published 4/12/2016

Reference NFPA

Pursuant to Section 189a.(2) of the Atomic Energy Act of 1954, as amended (the Act), the U.S. Nuclear Regulatory Commission (NRC) is publishing this regular biweekly notice. The Act requires the Commission to publish notice of any amendments issued, or proposed to be issued, and grants the Commission the authority to issue and make immediately effective any amendment to an operating license or combined license, as applicable, upon a determination by the Commission that such amendment involves no significant hazards consideration, notwithstanding the pendency before the Commission of a request for a hearing from any person.

This biweekly notice includes all notices of amendments issued, or proposed to be issued, from March 15, 2016, to March 28, 2016. The last biweekly notice was published on March 29, 2016. **Comments must be filed by May 12, 2016. A request for a hearing must be filed by June 13, 2016.**
