

American National Standards Institute

AN ANSI CONFERENCE IN PHOENIX, ARIZONA — NOVEMBER 9-10, 2005

**U.S. LEADERSHIP IN ISO AND IEC**

## ANSI CONFERENCE ON U.S. LEADERSHIP IN ISO AND IEC

PHOENIX, ARIZONA — NOVEMBER 9-10, 2005

**T**he American National Standards Institute (ANSI) invites leaders of the U.S. standardization community to participate in the second *Conference on U.S. Leadership in ISO and IEC*.

This event brings together influential representatives from a wide range of industry sectors for collaboration and the development of strategies and tactics on key issues impacting global standards-setting. U.S. officers of ISO and IEC Technical Committees and Subcommittees, Technical Advisory Group (TAG) officers and administrators, and Heads of Delegations to ISO and IEC meetings are encouraged to attend.

A portion of the agenda will address the emergence of the People's Republic of China (PRC) as a significant player in the world economy. Discussions will include a review of opportunities to engage and work cooperatively with Chinese delegates in ISO and IEC standards-setting committees.

Shared strategies, common concerns, best practices and practical tactics will assist in the formulation of a coordinated U.S. approach to strategic engagement in both ISO and IEC.
