action and reaction
developing a sustainable approach to emerging chemical issues

dates August 9-10, 2007

location Hyatt Regency Baltimore on the Inner Harbor
Baltimore, Maryland

sponsor American National Standards Institute (ANSI)

issue Global manufacturers are facing mounting pressure from
the expansion of domestic and foreign chemical controls
and regulations such as REACH, RoHS, WEEE, SAICM
and GHS.

intent The conference will launch a collaborative initiative aimed
at balancing the economic impact of chemical controls and
regulations with activities that help to promote and enhance
safety, health and the quality of life.

participants Stakeholders from industry, government, the scientific and
technical communities, and other affected groups.
