---

3:00 pm – 4:15 pm     **Standards Management**

Three active group discussion sessions to share lessons learned, best practices, pros/cons in managing standards activities in a remote participation environment.

**Session 1 (20mins): Standards development landscape in light of the COVID-19 pandemic**

- What is the biggest challenge you have faced as a result of the pandemic?
- Share a best practice that you have developed in order to overcome challenges.
- What remaining challenge do you have that you have remains unsolved?

**Session 2 (20mins): Effective standards engagement with internal constituents and decision makers**

- How do you effectively engage your internal resources/experts to obtain input/contribution to standards development?
- How do you educate, inform, and get updates from business units within your company of standards and/or business updates maintaining proactive and timely two-way collaboration?
- How do you maintain support from management and/or decision makers on critical standard topics and/or changes in the business strategy, which could impact standard strategies?

**Session 3 (20mins): Anticipating and adapting the future of standards development**

- How has your organization altered its perspective with regard to reviewing industry trends and standards?
- What do you want the ‘new normal’ to look like?

15 min wrap-up

**Speakers**

- **Jennifer Kitchen**, Technical Regulatory & Standards Advocacy Leader, General Electric
- **Alan Manche**, Vice President, External Affairs, Schneider Electric
- **Peter Pondillo**, Senior Manager, Standards & Policy, Corning
- **Nadja Tremblay**, Sr. Manager, Government Relations & Global Codes and Standards, Carrier

---

4:15 pm – 4:30 pm     **Closing Items**

---
