

CMF N 2026-04
August 19, 2026

**ANSI COMPANY MEMBER FORUM (CMF)
DRAFT AGENDA**

**2:00 PM TO 4:00 PM/ET - VIRTUAL
TUESDAY, SEPTEMBER 22, 2026**

MEETING REGISTRATION LINK:

1 OPENING AND ADMINISTRATIVE ITEMS 2:00 – 2:15 PM

1.1	Opening of the Meeting & Welcoming remarks (Mr. Peter Pondillo, ANSI CMF Chair) The CMF chair will open the meeting and give welcoming remarks to the CMF members.
1.2	Introduction of Participants (Ms. Sharon Okello, ANSI) Executive Summary: To save time at this meeting, we will not conduct a round of introductions for members in person. Participants online will be asked to introduce themselves and their affiliations when they are recognized to speak. The CMF Staff will capture the list of all those participating online.
1.3	Approval of the Agenda (Mr. Pondillo)
1.4	Summary Report of the March 24, 2026 CMF Meeting (Ms. Okello) Executive Summary:

	The draft report of the March 24, 2026 CMF meeting was circulated on April 12, 2026. No comments were received, so this version will be considered final for CMF members.
1.5	2026 CMF Nominating Committee (Ms. Okello) Executive Summary:

2 DISCUSSION ITEMS

2.1 2:15 – 3:00 PM	ANSI Digital Transformation and Tools for Company Members (Mr. Pondillo; Mr. Ed Anderson, ANSI) Executive Summary: Mr. Pondillo will provide an introduction to the topic and the context for this discussion as a priority for the CMF. Mr. Anderson will provide a presentation covering current digital transformation efforts underway at ANSI; tools or capabilities being integrated into ANSI and to be available for members; and areas where company member input would be especially valuable.
2.2 3:00 – 3:30 PM	Facilitated Discussion: Company Member Experiences, Priorities, and Pain Points (Mr. Pondillo; Mr. Muhammad Ali, HP, CMF Vice-Chair; Mr. Stephen Walls, Boeing, CMF Vice-Chair) • How company members are approaching digital transformation in their own organizations • Challenges in accessing, managing, and using standards-related information • Priorities, needs, and gaps in current tools or workflows
2.3 3:30 – 3:45 PM	Recommendations and Next Steps (Mr. Pondillo, Mr. Ali, Mr. Walls) • What tools or capabilities would make the biggest difference for company members • How ANSI can better support company needs through digital tools and services • Reactions to Ed’s presentation and ideas for future direction
