The following speakers will be sharing their insights and expertise, beginning at noon:

- **GP Russ Chaney**, Chief Executive Officer, The IAPMO Group and Chairman of the Board, ANSI
- **Bryan Soukup**, Executive Director, Alliance for National and Community Resilience and Director of Resilience Initiatives for ICC
- **Ryan M. Colker**, JD, Vice President, National Institute of Building Sciences
- **Dr. Clarissa Ferraris**, Leader, Inorganic Materials Group, NIST
- **Martina T. Driscoll**, P.E. of Wiss, Janney, Elstner Associates, Inc. will be presenting on behalf of ASTM International

This is a widely attended event at which a simple brown bag lunch will be served. The event will also feature exhibits from standards developing organizations and networking opportunities.
