

October 10, 2016

What's New?

What's New? is a weekly electronic newsletter produced and distributed free of charge to the members and constituents of the American National Standards Institute (ANSI). For a complete listing of ANSI news and events, visit [ANSI Online](#).

>>>

**Last chance to register for World Standards Week!
Online Registration Closes on October 14**

Join us on October 24-28 in Washington, DC

All daytime program events are FREE for ANSI members –
Register Now!– www.ansi.org/wsweek

HEADLINES

Get caught up on the latest news from ANSI...

[ANSI Releases Fifth U.S. Issue of its ANSI in China Newsletter](#)

ANSI has released the latest edition of its ANSI in China Newsletter, a resource for updates on technical activities, policy decisions, trade matters, and other information of interest to ANSI members operating in or interacting with China.

[ICC Seeks Input on Version Update to ICC Council Policy 28 Code Development](#)

The International Code Council (ICC) requests stakeholder feedback on Version 2 of the ICC Industry Advisory Committee's (IAC's) Council Policy 28 Code Development (CP28). All input on the revision must be received by ICC by November 7, 2016.

[How is Accreditation Like an Onion?](#)

ANSI has released a fun video animation that shows how to understand quality assurance – and in particular, accreditation – like the layers of an onion.

[Voluntary Standards Cover the Spectrum: from Image Replacement Documents to Standpipe and Hose Systems](#)

In an effort to communicate the vital role that standards play in daily life, ANSI publishes snapshots of the diverse standards initiatives undertaken in the global and national standards arena, many of which are performed by ANSI members and ANSI-accredited standards developers.

[On Manufacturing Day, ANSI Salutes Efforts to Boost Business and Find Top Talent](#)

October 7 kicked off Manufacturing Day (MFG Day), an annual celebration that spans several weeks and serves to educate the next generation of skilled workers. To celebrate this effort, ANSI highlights some of its ongoing initiatives related to manufacturing.

[Did You Know?](#)

Did You Know? offers a quick look at the broad scope of activities underway within the ANSI Federation of members and partners, highlighting recent accomplishments and new resources related to standardization. In this issue: the Association for the Advancement of Medical Instrumentation (AAMI), the Association of Home Appliance Manufacturers (AHAM), ASSE International, and UL.

PUBLIC POLICY

This week's *Federal Register* notices of potential interest ...

[Standards Related Notices from the U.S. Federal Register, October 3-7, 2016](#)

[National Cooperative Research and Production Act Notices from the U.S. Federal Register: April – September 2016](#)

PUBLICATIONS

Take advantage of more great information...

[Standards Action – October 7, 2016](#)

ANSI's key public review vehicle enables effective participation in the standards development process.

[United States Standards Strategy \(USSS\)](#)

The *United States Standards Strategy* provides a framework to further advance trade and a vision for the future of the U.S. standards system in today's globally competitive economy.

[United States Conformity Assessment Principles \(USCAP\)](#)

The *United States Conformity Assessment Principles* articulates how U.S. conformity assessment activities foster confidence while avoiding the creation of unnecessary barriers to trade.

[2014 – 2015 Annual Report](#)

The 2015 annual report, *A Window on the Standardization Initiatives Making the World a Safer, Better Place*, provides a summary of recent work carried out by ANSI and its constituents in support of ANSI's mission.

[What Is ANSI?](#)

This user-friendly introduction to ANSI provides a brief overview of many of the Institute's ongoing programs and activities.

Check out our other [publications](#) and [documents of interest](#).

CALENDAR

Visit the [Events Section](#) of ANSI Online regularly for complete event information.

[World Standards Week \(WSW\) 2016](#)

October 24 – 28, 2016, Washington, DC

[U.S. Celebration of World Standards Day \(WSD\) 2016](#)

October 27, 2016, Washington, DC

EDUCATION AND TRAINING

Check out ANSI's [Education and Training](#) page regularly for listings of upcoming courses.

Visit [StandardsLearn.org](#) for easy-to-use educational tools that address the full range of standards activities. All of the courses and resources are free and provided by ANSI as a public service. [Standardization Case Studies](#) demonstrate how standardization helped in the resolution of real-world problems. Instructors can use these case studies as a vehicle to stimulate class discussion of standardization and its potential economic and/or operational benefits.

ANSI's [K-12 Learning Resources](#) provide a fun and interactive introduction to standards and the critical role they play in everyday life.

CAREER OPPORTUNITIES

ANSI provides an [online network](#) of standardization-related career opportunities as a service to our members and constituents. ANSI's [Career page](#) includes openings in ANSI's New York and Washington, DC, offices, as well as job listings from ANSI member and other prominent companies and organizations.

ACCESS STANDARDS

[Site Licenses](#)

Does your company need corporate access? An ANSI site license may be the easy and economical solution. ANSI offers customized licenses for standards from over [100 developers](#). To learn more, visit [webstore.ansi.org/sitelicense](#).

[eStandards Store](#)

Need a single copy? Check out the [eStandards Store \(eSS\)](#)...

This week's featured eSS package:

[ISO/IEC 30100 / ISO/IEC 27001 - IT Home Network Security Management Package](#)

Have you secured your home network resources? ISO/IEC 30100 / ISO/IEC 27001 - IT Home Network Security Management Package enables the user to establish a secure home network resource architecture through inter-relationships from various types of home network elements and protocols. This includes specific management requirements for device management, network topology, auto configuration, device diagnosis, software management, and an information model for home network resources. The ISO/IEC 30100 / ISO/IEC 27001 - IT Home Network Security Management Package also specifies the requirements for establishing, implementing, maintaining and continually improving the security of your home network resources management system.

For more information about the inventory of thousands of documents available from the [eStandards Store \(eSS\)](#), visit [webstore.ansi.org](#) or contact ANSI Customer Service (212.642.4980, [storemanager@ansi.org](#)).
