

Accredited Standards Developers

Developer Name: **3-A Sanitary Standards, Inc.**

Acronym: **3-A**

Committee Title:

Secretariat:

Contact: Eric Schweitzer

Title: Director, Standards and Certification

Address: 6888 Elm Street

Suite 2D

McLean, VA 22101-3829

Phone: (703) 790-0295

Alternate Phone:

E-Mail: erics@3-a.org

WWW URL: www.3-a.org

Accreditation Date: 2/10/2004

Scope: 3-A Sanitary Standards, Inc. seeks to formulate voluntary consensus sanitary standards and accepted practices for equipment and systems used to produce, process, and package food, beverages and pharmaceutical products. Over a history of more than 80 years, the list of 3-A Standards has grown to nearly 70 individual standards for products, components and systems and nine Accepted Practices

Developer Name: **Accredited Standards Committee X9, Incorporated**

Acronym: **ASC X9**

Committee Title: Financial Industry Standards

Secretariat: Accredited Standards Committee X9, Incorporated

Contact: Steve Stevens

Title: Executive Director

Address: 275 West Street

Suite 107

Annapolis, MD 21401

Phone: (410) 267-7707

Alternate Phone: 803-957-3930

E-Mail: admin@x9.org

WWW URL: www.x9.org

Accreditation Date: 3/28/1984

Scope: Standardization for facilitating financial services operations

Developer Name: **Acoustical Society of America**

Acronym: **ASA (ASC S1)**

Committee Title: Acoustics

Secretariat: Acoustical Society of America

Contact: Nancy Blair-DeLeon

Title: Standards Manager

Address: 1305 Walt Whitman Road

Suite 110

Melville, NY 11747

Phone: (516) 576-2341

Alternate Phone: (573) 219-8291

E-Mail: standards@acousticalsociety.org

WWW URL: www.acousticalsociety.org

Accreditation Date: 9/15/1983

Scope: Standards specifications, methods of measurement and test and terminology, in the fields of physical acoustics, including architectural acoustics, electroacoustics, sonics and ultrasonics, and underwater sound, but excluding those aspects which pertain to safety, tolerance and comfort

Developer Name: **Acoustical Society of America**

Acronym: **ASA (ASC S12)**

Committee Title: Noise

Secretariat: Acoustical Society of America

Contact: Nancy Blair-DeLeon

Title: Standards Secretariat

Address: 1305 Walt Whitman Road

Suite 110

Melville, NY 11747

Phone: (516) 576-2341

Alternate Phone: (573) 219-8291

E-Mail: standards@acousticalsociety.org

WWW URL: www.acousticalsociety.org

Accreditation Date: 9/15/1983

Scope: Standards, specifications, and terminology in the field of acoustics noise pertaining to methods of measurement, evaluation and control; including biological safety, tolerance and comfort and physical acoustics, as related environmental and occupational noise

Developer Name: **Acoustical Society of America**

Acronym: **ASA (ASC S2)**

Committee Title: Mechanical Vibration and Shock

Secretariat: Acoustical Society of America

Contact: Nancy Blair-DeLeon

Title: Standards Manager

Address: 1305 Walt Whitman Road

Suite 110

Melville, NY 11747

Phone: (516) 576-2341

Alternate Phone: (573) 219-8291

E-Mail: standards@acousticalsociety.org

WWW URL: www.acousticalsociety.org

Accreditation Date: 9/15/1983

Scope: Standards, specifications, methods of measurement and test, and terminology in the field of mechanical vibration and shock, and condition monitoring and diagnostics of machines, including the affects of exposure to mechanical vibration and shock on humans, including those aspects which pertain to biological safety, tolerance and comfort

Developer Name: **Acoustical Society of America**

Acronym: **ASA (ASC S3)**

Committee Title: Bioacoustics

Secretariat: Acoustical Society of America

Contact: Nancy Blair-DeLeon

Title: Standards Secretariat

Address: 1305 Walt Whitman Road

Suite 110

Melville, NY 11747

Phone: (516) 576-2341

Alternate Phone: (573) 219-8291

E-Mail: standards@acousticalsociety.org

WWW URL: www.acousticalsociety.org

Accreditation Date: 9/15/1983

Scope: Standards, specifications, methods of measurement and test, and terminology in the fields of psychological and physiological acoustics, including aspects of general acoustics, which pertain to biological safety, tolerance and comfort

Developer Name: **Advanced Medical Technology Association**

Acronym: **AdvaMed**

Committee Title:

Secretariat:

Contact: Carolyn Hull

Title: Senior Director, Global Strategy and Standards

Address: 1301 Pennsylvania Avenue

Suite 400

Washington, DC 20004

Phone: (202) 771-6497

Alternate Phone:

E-Mail: chull@advamed.org

WWW URL: www.advamed.org

Accreditation Date: 8/27/2024

Scope: Broad topics relevant to medical technology, manufacturers, and especially medical imaging, e.g. magnetic resonance, X-Ray, ultrasound focused ultrasound, and areas where they intersect, such as Cybersecurity and Artificial Intelligence. These would be topics that organizations beyond AdvaMed would be interested in and from whom would be important to get feedback.

Developer Name: **Aerospace Industries Association**

Acronym: **AIA**

Committee Title:

Secretariat:

Contact: Christopher Carnahan

Title: AVP, Technical Operations & Standards

Address: 1000 Wilson Boulevard

Suite 1700

Arlington, VA 22209

Phone: (703) 358-1052

Alternate Phone: (571) 234-7099

E-Mail: chris.carnahan@aia-aerospace.org

WWW URL: www.aia-aerospace.org

Accreditation Date: 12/21/2018

Scope: Development of standards to support the Aerospace & Defense industry within the subject areas covered by the Aerospace Industries Association. AIA has 5 policy divisions in the areas of Civil Aviation, Space, National Security, International, and Technical Operations & Workforce. □

Developer Name: **Air Conditioning Contractors of America**

Acronym: **ACCA**

Committee Title:

Secretariat:

Contact: David Bixby

Title: Manager of Codes & Standards

Address: 1520 Belle View Boulevard

#5220

Alexandria, VA 22307

Phone: (703) 575-4477

Alternate Phone: (301) 525-5503

E-Mail: david.bixby@acca.org

WWW URL: www.acca.org

Accreditation Date: 1/24/2002

Scope: The scope of the Standards Task Team of the Air Conditioning Contractors of America Educational Institute (ACCA-EI) shall be the development of standards that promote proper design, installation, energy efficient operation, proper maintenance and repair of heating, ventilating, air conditioning and refrigeration (HVACR) systems. Such standards may include optimum control and system balance for optimum performance of HVACR systems. The goals of standards may include requirements for safety, health and well being, design, installation, and maintenance and repair and may include standards that promote optimum comfort, safe and efficient operation at minimal energy utilization, performance or operation or qualification of personnel. To handle other matters related to standards

Developer Name: **Air Movement and Control Association**

Acronym: **AMCA**

Committee Title:

Secretariat:

Contact: Joseph Brooks

Title: Director of Publications and Standards

Address: 30 West University Drive

Arlington Heights, IL 60004-1893

Phone: (847) 704-6250

Alternate Phone: (847) 394-0150

E-Mail: jbrooks@amca.org

WWW URL: www.amca.org

Accreditation Date: 3/24/1995

Scope: Methods of test for fans, air louvers, dampers, and airflow measurement stations for various aspects of performance. Fans - airflow, pressure, power, and sound Louvers - pressure drop, water penetration Dampers - pressure drop, air leakage Airflow Measurement Stations - accuracy of measurement Methods for calculating sound ratings from test data

Developer Name: **Air-Conditioning, Heating, and Refrigeration Institute**

Acronym: **AHRI**

Committee Title:

Secretariat:

Contact: Jerry Yeh

Title: Supervising Manager, Standards & Quality

Address: 2311 Wilson Boulevard

Suite 400

Arlington, VA 22201

Phone: (703) 600-0379

Alternate Phone:

E-Mail: jyeh2@ahrinet.org

WWW URL: www.ahrinet.org

Accreditation Date: 12/15/1983

Scope: Equipment and application standards for the air-conditioning, solar and refrigeration fields within the scope of ARI

Developer Name: **Alliance for Telecommunications Industry Solutions**

Acronym: **ATIS**

Committee Title:

Secretariat:

Contact: Jackie Wohlgemuth

Title: Director, Global Standards Development

Address: 1200 G Street NW

Suite 500

Washington, DC 20005

Phone: (202) 434-8852

Alternate Phone:

E-Mail: jwohlgemuth@atis.org

WWW URL: www.atis.org

Accreditation Date: 2/12/2002

Scope: ATIS, working through its committees and forums, develops American National Standards, specifications, guidelines requirements, technical reports, industry processes, and verification tests that support industry-wide interoperability and reliability of telecommunications networks, equipment, and software. Specifically, ATIS consensus-based committees and forums focus on those technical functions and characteristics associated with: dialing considerations of public telecommunications; network interconnection and interoperability; ordering, billing and provisioning of telecommunications services; telecommunications fraud, internetwork interoperability testing; network reliability; network and services integration; telecommunications-related bar-coding and electronic data interchange and commerce; electrical protection of telecommunications facilities; wireline and wireless disability accessibility; digital wireless accessibility for users of TTY (text telephony) devices; interactive voice response; international roaming; number resource conservation; privatization of Federal Communications Commission Part 68; and the definition of generic requirements to be developed within the telecommunications industry

Developer Name: **Aluminum Association**

Acronym: **AA (ASC H35)**

Committee Title: Aluminum and Aluminum Alloys

Secretariat: Aluminum Association

Contact: Sam Muhamed

Title: Project Manager, Standards & Technology

Address: 1400 Crystal Drive

Suite 430

Arlington, VA 22202

Phone: (864) 624-6908

Alternate Phone: (864) 624-6908

E-Mail: smuhamed@aluminum.org

WWW URL: www.aluminum.org

Accreditation Date: 12/28/1983

Scope: To review all proposals or recommendations regarding revisions, additions, or deletions to the Alloy and Temper Designation Systems for Aluminum (ANSI H35.1), Dimensional Tolerances for Aluminum Mill Products (ANSI H35.2 and .2(M)), the Designation System for Aluminum Hardeners (ANSI H35.3), the Designation System for Unalloyed Aluminum (ANSI H35.4) and the Nomenclature System for Aluminum Metal Matrix Composite Materials (ANSI H35.5). Also to encourage the use of these documents by reference in other specifications. To develop proposals for new ANSI standards applicable to aluminum and aluminum alloy wrought and cast products

Developer Name: **AMC Institute**

Acronym: **AMCi**

Committee Title:

Secretariat:

Contact: Thomas Pigg

Title: Director, Membership and Programs

Address: 107 South West Street

Suite 481

Alexandria, VA 22314

Phone: (703) 964-2808

Alternate Phone: (703) 772-1451

E-Mail: tpigg@amcinstitute.org

WWW URL: www.amcinstitute.org

Accreditation Date: 3/28/2000

Scope: Development of a professional standard of performance for association management companies and their employees. Association Management Companies are referred to as AMCs

Developer Name: **American Academy of Forensic Sciences**

Acronym: **AAFS**

Committee Title:

Secretariat:

Contact: Teresa Ambrosius

Title: Secretariat

Address: 410 North 21st Street

Colorado Springs, CO 80904

Phone: (719) 453-1036

Alternate Phone: (703) 980-2555

E-Mail: tambrosius@aafs.org

WWW URL: www.aafs.org

Accreditation Date: 12/22/2015

Scope: The American Academy of Forensic Sciences is a not-for-profit organization that provides leadership to advance science and its application to the legal system. The objectives of the Academy are to promote professionalism, integrity, competency, education, foster research, improve practice, and encourage collaboration in the forensic sciences. Standards developed by the Academy's Standards Board address specific standardization needs of the national and international forensic communities that augment standards promulgated through existing accredited Standards Developing Organizations.

Developer Name: **American Association of Radon Scientists and Technologists**

Acronym: **AARST**

Committee Title:

Secretariat:

Contact: Gary Hodgden

Title:

Address: 527 N. Justice Street

Hendersonville, NC 28739

Phone: (202) 830-1110

Alternate Phone:

E-Mail: StandardsAssist@gmail.com

WWW URL: www.aarst.org

Accreditation Date: 4/26/2007

Scope: All standards related to applied radon science and practice including radon measurement and the mitigation of radon

Developer Name: **American Bearing Manufacturers Association**

Acronym: **ABMA (ASC B3)**

Committee Title: Ball and Roller Bearings

Secretariat: American Bearing Manufacturers Association

Contact: Phillip Olson

Title: Director, Technical Division

Address: 1001 N. Fairfax Street

Suite 500

Alexandria, VA 22314

Phone: (703) 842-0030

Alternate Phone: (703) 684-0211

E-Mail: olson@americanbearings.org

WWW URL: www.americanbearings.org

Accreditation Date: 6/15/1983

Scope: Terminology and definitions of bearings and bearing parts; nominal dimensions and tolerances of ball and roller bearings affecting their assembly with other machine parts; methods of inspection, methods of evaluation load ratings; dimensions of mounting accessories; material specifications for components of ball and roller bearings and for mounting accessories; practice of packaging bearings for domestic use and export

Developer Name: **American Boat and Yacht Council**

Acronym: **ABYC**

Committee Title:

Secretariat:

Contact: Brian Goodwin

Title: Technical Director

Address: 613 Third Street

Suite 10

Annapolis, MD 21403

Phone: (410) 990-4460

Alternate Phone:

E-Mail: bgoodwin@abycinc.org

WWW URL: www.abycinc.org

Accreditation Date: 1/30/1992

Scope: Recreational Boats and equipment

Developer Name: **American Brush Manufacturers Association**

Acronym: **ABMA**

Committee Title:

Secretariat:

Contact: Donna Frenndt

Title: Executive Director

Address: 1432 Riverwalk Ct.

P.O. Box 102

Waterville, OH 43566

Phone: (419) 878-2787

Alternate Phone:

E-Mail: dfrenndt@abma.org

WWW URL: www.abma.org

Accreditation Date: 1/3/1984

*Scope:*Power-driven brushing tools

Developer Name: **American Chemistry Council**

Acronym: **ACC**

Committee Title:

Secretariat:

Contact: Karyn Schmidt

Title: Senior Director, Global Affairs

Address: 700 2nd Street, NE

Washington, DC 20002

Phone: (202) 249-6130

Alternate Phone:

E-Mail: karyn_schmidt@americanchemistry.com

WWW URL: www.americanchemistry.com

Accreditation Date: 12/14/1983

*Scope:*Chemical labeling

Developer Name: **American Clean Power Association**

Acronym: **ACP**

Committee Title:

Secretariat:

Contact: Tom Vinson

Title: Vice President | Policy & Regulatory Affairs

Address: 1299 Pennsylvania Ave. NW

Suite 1300

Washington, DC 20004

Phone: (202) 383-2535

Alternate Phone: (202) 384-7129

E-Mail: tvinson@cleanpower.org

WWW URL: www.cleanpower.org

Accreditation Date: 1/10/1995

Scope: Jan-1-2021: The American Clean Power Association (ACP) on January 1, 2021 officially merged the American Wind Energy Association (AWEA). ACP intends to continue AWEA's efforts in national standards development, however, with an expanded scope. The scope of the American Clean Power Association (ACP) Standards Committee(s) shall be development of codes or standards within a specific project scope which is in the interest of clean power. These interests may include requirements for uniform practices in technology, power systems, design criteria, performance, operations, maintenance, environmental, safety, health, construction, installation, production, siting, qualification of personnel, training, and education, and/or related programs for clean power. The standards and codes developed by committees are continually formed at the request of interested and affected parties depending on the needs of the industry, in order to meet the challenges and requirements on the international, national, and local levels.

Developer Name: **American Composites Manufacturers Association**

Acronym: **ACMA**

Committee Title:

Secretariat:

Contact: Susan Hilaski

Title: Manager, Standards Development and Industry Relations

Address: 200 N. 15th Street

Suite 250

Arlington, VA 22201

Phone: (703) 682-1649

Alternate Phone:

E-Mail: shilaski@acmanet.org

WWW URL: www.acmanet.org

Accreditation Date: 12/22/1998

Scope: The American Composites Manufacturers Association (ACMA) develops consensus standards and specifications, technical data sheets, industry best practices, and other guidance to support the growth of the Fiber-Reinforced Polymer (FRP) Composites Industry including FRP composites, composites made with fillers or natural materials, and their recyclates. ACMA's activities are inclusive of various related FRP composite products, materials, and processes in conjunction with many diverse end-use market segments. In addition, ACMA's activities are monitored and proposed at the request of interested parties and formulated by committees depending upon the need of the composites industry, resources, and collaboration efforts, to meet national and international requirements.

Developer Name: **American Concrete Institute**

Acronym: **ACI**

Committee Title:

Secretariat:

Contact: Shannon Banchemo

Title: Manager, Technical Documents

Address: 38800 Country Club Drive

Farmington Hills, MI 48331

Phone: (248) 848-3728

Alternate Phone: (248) 848-3700

E-Mail: shannon.banchemo@concrete.org

WWW URL: www.concrete.org

Accreditation Date: 4/18/1977

Scope: Standards relating to concrete

Developer Name: **American Dental Association**

Acronym: **ADA (Organization)**

Committee Title:

Secretariat:

Contact: Sharon Stanford

Title: Director, Standards Administration

Address: 211 East Chicago Avenue

Chicago, IL 60611-2678

Phone: (312) 440-2509

Alternate Phone:

E-Mail: stanfords@ada.org

WWW URL: www.ada.org

Accreditation Date: 3/10/2000

Scope: Nomenclature, standards, and specifications for dental materials, instruments, equipment, and accessories used in dental practice, oral hygiene products which are offered to the public or the profession, and electronic technologies used in dental practice. Orthodontic, prosthetic, and restorative appliances designed or developed by the dentist for an individual patient are excluded

Developer Name: **American Gas Association**

Acronym: **AGA (ASC B109)**

Committee Title: Gas Displacement Meters and Gas Service Regulators

Secretariat: American Gas Association

Contact: Luis Escobar

Title: Director, Energy Standards

Address: 400 N. Capitol St., NW

Suite 450

Washington, DC 20001

Phone: (202) 824-7058

Alternate Phone:

E-Mail: lescobar@aga.org

WWW URL: www.aga.org

Accreditation Date: 11/10/1992

Scope: This project establishes Acceptable Performance Criteria for new gas displacement meters, related devices and new gas service regulators. 1. Meter Standards apply to diaphragm and rotary type gas displacement meters designed for revenue measurement of fuel gas. Three separate standards are published as follows: (1) B109.1 - Gas Displacement meters (500 cubic feet per hour capacity and under) (2) B109.2 - Diaphragm Type Gas Displacement Meters (over 500 cubic feet per hour capacity) (3) B109.3 - Rotary type Gas Displacement Meters 2. B109.4 - Gas Regulators - Non-Pilot Loaded - Nominal Pipe Size (NPS) 1-1/4 inch and smaller. 3. The standards include definitions, construction, performance of both new types and newly constructed meters and service regulators, in-service performance, installation requirements and practices, and test methods and equipment

Developer Name: **American Gas Association**

Acronym: **AGA (ASC Z223)**

Committee Title: National Fuel Gas Code

Secretariat: American Gas Association

Contact: Luis Escobar

Title: Director, Energy Standards

Address: 400 North Capitol Street, NW
Suite 450
Washington, DC 20001

Phone: (202) 824-7058

Alternate Phone:

E-Mail: lescobar@aga.org

WWW URL: www.aga.org

Accreditation Date: 7/18/1984

Scope: Development of a safety code for gas piping systems on consumers' premises and the installation of gas utilization equipment and accessories for use with fuel gases such as natural gas, manufactured gas, liquefied petroleum gas-air mixtures, or mixtures of these gases, including: a) The design, fabrication, installation, testing, operation and maintenance of gas piping systems from the point of delivery to the connections with each gas utilization device. Piping systems covered by this code are limited to a maximum operating pressure of 60 psig. For purposes of this code, the point of delivery is defined as the outlet of the meter set assembly, or the outlet of this service regulator or service shutoff valve where no meter is provided. b) The installation of gas utilization equipment, related accessories, and their ventilation and venting systems

Developer Name: **American Gas Association**

Acronym: **AGA (ASC Z380)**

Committee Title: Gas Piping Technology

Secretariat: American Gas Association

Contact: Luis Escobar

Title: Senior Manager, National Fuel Gas Code

Address: 400 North Capitol Street, NW

Suite 450

Washington, DC 20001

Phone: (202) 824-7058

Alternate Phone:

E-Mail: lescobar@aga.org

WWW URL: www.aga.org

Accreditation Date: 1/30/1992

Scope: The Gas Piping Technology Committee (GPTC) is an independent technical group of individuals with expertise in, and concern for, natural gas pipeline safety and is responsible for: a) Developing and maintaining the Guide for Gas Transmission and Distribution Piping Systems (Guide), a model set of design recommendations, material reference, and recommend practices relating to Federal Natural Gas Pipeline Safety Regulations. b) Promoting the use of voluntary consensus standards. c) Petitioning the United States Department of Transportation (DOT) for changes in Federal Natural Gas Pipeline Safety Regulations based on the technical expertise of the Committee. d) Reviewing National Transportation Safety Board (NTSB) reports, commenting on such reports as appropriate, and responding to recommendations issued by NTSB. e) Taking such actions that are necessary and proper to further the safe application of natural gas pipeline technology

Developer Name: **American Gear Manufacturers Association**

Acronym: **AGMA**

Committee Title:

Secretariat:

Contact: Todd Praneis

Title: Vice President, Technical Division

Address: 1001 N. Fairfax Street

Suite 500

Alexandria, VA 22314

Phone: (703) 838-0053

Alternate Phone: (703) 684-0211

E-Mail: praneis@agma.org

WWW URL: www.agma.org

Accreditation Date: 9/23/1986

Scope: Standardization of tooth gearing, industrial gear transmissions and flexible couplings, including design, manufacturing, lubrication, acoustics, application, and operation. AGMA will assume responsibility for the activities of Accredited Standards Committee of B6, Gears, which was disbanded on September 25, 1985

Developer Name: **American Institute of Aeronautics and Astronautics**

Acronym: **AIAA**

Committee Title:

Secretariat:

Contact: Nick Tongson

Title: Director of Standards

Address: 12700 Sunrise Valley Drive

Suite 200

Reston, VA 20191-5807

Phone: (703) 264-7515

Alternate Phone:

E-Mail: NickT@aiaa.org

WWW URL: www.aiaa.org

Accreditation Date: 7/14/1988

Scope: Scope summary: The purpose of these Procedures is to support the integrity of the standards to all users and ensure that the AIAA Standards Program, as authorized by the AIAA Board of Directors, operates in a manner that warrants continued accreditation by the American National Standards Institute (ANSI). Strict adherence to these procedures will facilitate adoption of AIAA standards publications (a) by Federal and State agencies, thus fulfilling the requirements of Public Law 104-113; (b) as the basis for international standards; and (c) by the expanding commercial aerospace industry.

Developer Name: **American Institute of Steel Construction**

Acronym: **AISC**

Committee Title:

Secretariat:

Contact: Nathaniel Gonner

Title: Director of Specifications

Address: 130 E. Randolph Street

Suite 2000

Chicago, IL 60601-6204

Phone: (773) 636-8545

Alternate Phone:

E-Mail: gonner@aisc.org

WWW URL: www.aisc.org

Accreditation Date: 3/5/2002

Scope: To develop and maintain design and construction specifications, codes, and standards for structural steel

Developer Name: **American Ladder Institute**

Acronym: **ALI (ASC A14)**

Committee Title: Safety in the Design, Construction, Testing, Selection, Care & use of Ladders

Secretariat: American Ladder Institute

Contact: Susan Orena

Title: Chief Operating Officer/Principal

Address: 1300 Sumner Avenue

Cleveland, OH 4115-2851

Phone: (216) 343-1298

Alternate Phone:

E-Mail: sorenga@thomasamc.com

WWW URL: www.americanladderinstitute.org

Accreditation Date: 10/2/1984

Scope: To develop rules governing the safe design, construction, testing, selection, care and use of ladders of various common types including but not limited to: fixed, job built, portable (extension, step, trestle, extension trestle, sectional, combination, single, platform, and ladder type step stools). It also includes labelling/marketing requirements; which need not apply where training, supervision, or established safety procedures are in conflict with, or serve in lieu of, labeling/marketing. It does not include ladders for mines, the fire services, mobile equipment, work platforms, antenna communication towers, transmission towers, utility poles, and chimneys; and similar specialized applications

Developer Name: **American Nuclear Society**

Acronym: ANS

Committee Title:

Secretariat:

Contact: Patricia Schroeder

Title: Standards Manager

Address: 1111 Pasquinelli Drive

Suite 350

Westmont, IL 60559

Phone: (708) 579-8269

Alternate Phone:

E-Mail: pschroeder@ans.org

WWW URL: www.ans.org

Accreditation Date: 3/14/1987

Scope: The American Nuclear Society Standards Committee is responsible for the development and maintenance of standards that address the design, analysis and operation of components, systems and facilities involved in or utilizing nuclear technology. The scope of the Standards Committee includes, but is not limited to, the following specific subjects: a. Nuclear criticality safety b. Definitions of technical terminology used in the nuclear field c. Facilities for using radioactive isotopes and remote handling of radioactive materials d. Research reactors and critical facilities e. Reactor physics and radiation shielding f. Utilization of computer programs in the nuclear field g. Siting requirements for nuclear facilities h. Nuclear power plant design, including safety requirements and plant and system criteria i. Reactor operation and operator training and selection k. Radioactive waste management l. Fission product behavior The Standards Committee does not address standards for the application of radiation for medical purposes. The Standards Committee reviews standards being developed or published by other organizations on related topics to help ensure consistency and needed completeness and to avoid duplication with other standards. The standards developed by the Standards Committee usually are intended to meet the acceptance requirements as American National Standards

Developer Name: **American Petroleum Institute**

Acronym: **API**

Committee Title:

Secretariat:

Contact: Paula Watkins

Title: Sr. Director, Standards Development, Global Industry Services

Address: 200 Massachusetts Avenue NW

Washington, DC 20001

Phone: (202) 682-8197

Alternate Phone:

E-Mail: watkinsp@api.org

WWW URL: www.api.org

Accreditation Date: 3/19/1996

Scope: The American Petroleum Institute standardization activities identify and support proven, sound, engineering and operating practices, and safe, interchangeable equipment and materials, for use in the petroleum and petrochemical industries, and assure broad availability of standards for such procedures, equipment, and materials. API standards address, but are not limited to: industry equipment; operating practices; safety; movement and measurement of petroleum; petroleum products and natural gas; and personnel training

Developer Name: **American Renewable Energy Standards and Certification Association**

Acronym: **ARESCA**

Committee Title:

Secretariat:

Contact: Bob Sherwin

Title: Treasurer

Address: 256 Farrell Farm Road

Norwich, VT 05055

Phone: (802) 291-4934

Alternate Phone:

WWW URL: www.asq.org

Accreditation Date: 2/9/1977

Scope: The responsibility of the Standards Committee of the American Society for Quality is consensus development and approval of generic standards and other documents in the technical disciplines of quality, environment, dependability and statistics. The requirements contained in these documents are not measurement sensitive, and the use of the metric measurement system is not relevant. Product and sector specific documents are not included in the scope of responsibilities and activities of this Committee.

Developer Name: **American Society for Quality**

Acronym: **ASQ (ASC Z1)**

Committee Title: Quality Assurance

Secretariat: American Society for Quality

Contact: Jennifer Admussen

Title: Standards Manager

Address: 600 N Plankinton Avenue

Milwaukee, WI 53201

Phone: (414) 272-8575

Alternate Phone:

E-Mail: jadmussen@asq.org

WWW URL: www.asq.org

Accreditation Date: 5/15/1985

Scope: In the field of quality assurance to develop and review generic standards having general application, including the development of appropriate standard guidelines of general nature and to provide advice to other standards activities which cover quality assurance for specific areas, and to interface with appropriate internal standards activities. Preparation of individual product or industry standards is not included in the scope of this Committee.

Developer Name: **American Society of Agricultural and Biological Engineers**

Acronym: **ASABE**

Committee Title:

Secretariat:

Contact: Jean Walsh

Title:

Address: 2950 Niles Road

Saint Joseph, MI 49085

Phone: (269) 932-7027

Alternate Phone: (269) 757-1213

E-Mail: walsh@asabe.org

WWW URL: <https://www.asabe.org/>

Accreditation Date: 10/1/1981

Scope: The American Society of Agricultural Engineers is an educational and scientific organization dedicated to the advancement of engineering applicable to agricultural, food, and biological systems. Founded in 1907, ASAE comprises 9,000 members representing more than 100 countries. ASAE members serve in industry, academia, and public service and are uniquely qualified to determine and develop more efficient and environmentally sensitive methods of producing food, fiber, and timber for an ever-increasing world population. For nearly 100 years, ASAE has served as the primary U.S. developer of standards, engineering practices and data (collectively referred to as standards) for engineering applicable to agricultural, food, and biological systems. The scope of these documents encompasses, but is not limited to, the following subject areas:

- Agricultural equipment
- Biological and biological systems engineering
- Natural resources management
- Irrigation and drainage
- Agricultural structures and environment
- Livestock production
- Agricultural Waste Management
- Food and bioprocess engineering
- Information and electrical technologies
- Forest engineering
- Energy production and distribution for agricultural locales and operations
- Renewable fuels and biomass

- Aquacultural engineering
 - Nursery and greenhouse operations
 - Agricultural safety and rural health
-

Alternate Phone:

E-Mail: sreiniche@ashrae.org

WWW URL: www.ashrae.org

Accreditation Date: 5/3/1978

Scope: To direct the standards program of the Society, subject to the direction and review of the Technology Council and the Board of Directors. To control the selection, development, preparation, revision, submittal to the Board of Directors, and publication of standards in the fields of heating, refrigerating, air-conditioning and ventilating engineering. To cooperate with other organizations in the development, preparation and adoption of standards. (558-005-001) To supervise the Society's participation in the standards work of other organizations, including the American National Standards Institute and the International Organization for Standardization. (458-002-001) (500-007-001) To handle other matters relating to standards. To limit the activities of the Committee solely to the development of engineering science and technology. The committee shall not engage in influencing enactment of building or other codes, or in propaganda, or other activities designed to influence legislation. (558-005-002)

Developer Name: **American Society of Mechanical Engineers**

Acronym: **ASME**

Committee Title:

Secretariat:

Contact: Matt Vazquez

Title: Sr. Director, Standards and Certification

Address: 2 Park Avenue

6th Floor

New York, NY 10016-5990

Phone: (212) 591-8522

Alternate Phone:

E-Mail: vazquezm@asme.org

WWW URL: www.asme.org

Accreditation Date: 6/21/1979

Scope: The scope of a Code or Standards Development Committee, hereafter called Standards Committee, of the American Society of Mechanical Engineers shall be the development of codes or standards within a specific project scope which is considered to be in the interest of mechanical engineering. These goals of standards may include requirements for safety, health, design, production, construction, maintenance, performance or operation of equipment or qualification of personnel. The standards developed by committee are intended to be submitted to the American National Standards Institute.

Developer Name: **American Society of Plumbing Engineers**

Acronym: **ASPE**

Committee Title:

Secretariat:

Contact: Gretchen Pienta

Title: Director, Publications & Standards

Address: 6400 Shafer Court

Suite 350

Rosemont, IL 60018

Phone: (847) 296-0002

Alternate Phone:

E-Mail: gpienta@aspe.org

WWW URL: www.aspe.org

Accreditation Date: 5/18/2012

Scope: American Society of Plumbing Engineers (ASPE) standards developed under these procedures are intended to cover plumbing system design related to safety, health, design, construction, maintenance, performance or operation. There is no intended limitation of scope based on any one specific form of application or use (e.g. commercial, residential, healthcare, etc.).

E-Mail: tfisher@assp.org

WWW URL: www.assp.org

Accreditation Date: 10/11/1985

Scope: Standards relating to the protection of employees and the public from hazards arising out of, or associated with, construction and demolition operations

Developer Name: **American Society of Safety Professionals**

Acronym: **ASSP (Safety)**

Committee Title:

Secretariat:

Contact: Tim Fisher

Title: Director, Practices & Standards

Address: 520 N. Northwest Highway

Park Ridge, IL 60068

Phone: (847) 768-3411

Alternate Phone:

E-Mail: TFisher@ASSP.org

WWW URL: www.assp.org

Accreditation Date: 2/2/1998

Scope: These standards establish, for the occupational safety and health profession, core competencies, technical safety processes, procedures, and requirements, qualification levels and credentials, performance assessments, outcomes, record-keeping, risk assessment, measurement, and learning support resources.

Developer Name: **American Type Culture Collection**

Acronym: **ATCC**

Committee Title:

Secretariat:

Contact: Amber Day

Title: Director, Standards Development

Address: 217 Perry Parkway

Suite 1

Gaithersburg, MD 20877

Phone: (703) 365-2700

Alternate Phone: (307) 247-2043

E-Mail: aday@atcc.org

WWW URL: www.atcc.org

Accreditation Date: 9/25/2007

Scope: The ATCC SDO will develop consensus standards for biomaterials and related processes including their development, identification, authentication, production, storage, distribution and transfer.

Biomaterials include, but are not limited to, bacteria, fungi, yeasts, cell lines, toxins, protozoa, viruses and molecular products such as DNA. These biomaterials may be biosafety level (BSL) 1, 2 or 3. The first topics to be addressed by the ATCC SDO will be material and process standards required for bacteria used in biodefense research and product development. The cell biology community is becoming increasingly aware of the extensive use of misidentified and cross-contaminated cell lines in biomedical research, causing misleading and/or meaningless research. Although money is wasted and health care research is compromised, the scientific community has not adequately responded to this growing problem. To further address the need for remedial action and restoration of confidence in cell culture-based research, ATCC is helping organize and convene the "Expert Forum on the Misidentification and Cross-Contamination of Cell Lines." The expected outcome of the Expert Forum is an "open letter" including an action plan with recommendations to resolve the problem

Developer Name: **American Water Works Association**

Acronym: **AWWA**

Audited Designator

Committee Title:

Secretariat:

Contact: Paul Olson

Title: Senior Manager of Standards

Address: 6666 W. Quincy Avenue

Denver, CO 80235

Phone: (303) 347-6178

Alternate Phone:

E-Mail: polson@awwa.org

WWW URL: www.awwa.org

Accreditation Date: 3/5/1990

Scope: AWWA standards are publications that set out the minimum requirements of a product or process used in the water profession. The provisions contained in the standard will establish elements of quality below which the performance of the product or process is likely to be less than adequate for levels of reliability, life and usage necessary and desirable in the water profession. However, the Association establishes no position, either express or implied, concerning the adequacy of products which do or do not comply with an AWWA standard. Standards will address, where appropriate, procedures of design; characteristics of materials, substances, products, equipment, systems or services; processes of manufacturing, assembly, transporting, storage, or installation; techniques of analysis; testing and inspection methods and requirements; parameters of use; and such other elements essential to provide adequate reliability; life and usage in the water profession.

Developer Name: **American Welding Society**

Acronym: **AWS**

Committee Title:

Secretariat:

Contact: Peter Portela

Title:

Scope: AMPP, NACE, and SSPC standards cover materials protection through the advancement of corrosion prevention and control and the use of protective coatings.

Developer Name: **Association for Print Technologies**

Acronym: **APTech (ASC B65)**

Committee Title: Safety Specifications for Printing Press Equipment and Systems

Secretariat: Association for Print Technologies

Contact: Julie Shaffer

Title: Sr. Vice President, Content and Programs

Address: 450 Rev Kelly Smith Way

Nashville, TN 37203

Phone: (615) 432-5433

Alternate Phone:

E-Mail: jshaffer@aptech.org

WWW URL: www.printtechnologies.org

Accreditation Date: 11/14/1983

Scope: This committee develops safety specifications for printing presses, bindery equipment and other graphic arts equipment. Its work impacts the design, arrangement, designation, color scheme and safety interlocking features of controls and signaling devices for graphic arts equipment

Developer Name: **Association for Print Technologies**

Acronym: **APTech (ASC CGATS)**

Committee Title: Committee for Graphic Arts Technologies Standards

Secretariat: Association for Print Technologies

Contact: Julie Shaffer

Title: Sr. Vice President, Content and Programs

Address: 450 Rev Kelly Smith Way

Nashville, TN 37203

Phone: (615) 432-5433

Alternate Phone:

E-Mail: jshaffer@aptech.org

WWW URL: www.printtechnologies.org

Accreditation Date: 5/18/1989

Scope: The purpose of CGATS is to support and foster standards in the graphic arts industry. To do so, the Committee must first identify areas where standards are needed. It will accomplish this task by identifying those standards presently in place and those under development. The resulting voids will be areas where CGATS will investigate the need for standards and establish technical committees should a need for standards development be identified. Standards developed by Technical Committees of CGATS will be submitted for adoption as American National Standards. For the purpose of developing candidate American National Standards, CGATS' scope includes the terminology, test methods, procedures and specifications relating to the field of graphic arts printing. This includes the preparation of material for, and volume reproduction by, production printing processes which include in particular offset lithography, letterpress, flexography, gravure, and screen printing. CGATS will also encourage industry specifications developed by trade organizations in the graphic arts industry to be submitted for adoption as American National Standards and, where appropriate, to be submitted through ANSI as candidate International Standards

Fairfax, VA 22030

Phone: (703) 273-7200

Alternate Phone: (703) 279-2165

E-Mail: lovercash@avixa.org

WWW URL: www.avixa.org

Accreditation Date: 5/13/2008

Scope: AVIXA intends to develop standards of the nature of the “performance” of various aspects of audiovisual systems. These fall into the categories of audio, visual, control systems, user interfaces, etc. These standards are specific to systems but not to equipment.

Developer Name: **Auto Glass Safety Council**

Acronym: **AGSC**

Committee Title:

Secretariat:

Contact: Kathy Bimber

Title: Director of Operations

Address: PO Box 569

Garrisonville, VA 22463

Phone: (540) 720-7484

Alternate Phone: (540) 602-3263

E-Mail: kbimber@glass.com

WWW URL: www.agsc.org

Accreditation Date: 9/1/1998

Scope: To develop, publish, and maintain nationally and perhaps internationally recognized automotive glass replacement safety and related standards. At a minimum, these standards will address procedures, education, and product performance to continually enhance public safety

Developer Name: **Automotive Lift Institute**

Acronym: **ALI**

Committee Title:

Secretariat:

Contact: Heather Almeida

Title: Administrative Manager

Address: PO Box 85
3699 Luker Road □
Cortland, NY 13045

Phone: (607) 756-7775

Alternate Phone:

E-Mail: heather@autolift.org

WWW URL: www.autolift.org

Accreditation Date: 2/15/1984

Scope: Development of automotive lift safety standards including, but not limited to, standards for construction, installation, operation, inspection, and maintenance

Developer Name: **B11 Standards, Inc.**

Acronym: **B11**

Committee Title:

Secretariat:

Contact: David Felinski

Title: President

Address: PO Box 690905

Houston, TX 77269-0905

Phone: (832) 446-6999

Alternate Phone: (703) 395-6487 (cell)

E-Mail: dfelinski@b11standards.org

WWW URL: <https://www.b11standards.org/>

Accreditation Date: 6/29/2010

Scope: Standardization of concepts, general principles and requirements for safety of machinery incorporating terminology, methodology, and risk reduction measures for new, existing, modified or rebuilt power driven industrial and commercial machinery, not portable by hand while working. This includes associated equipment that may be used in the production system. □

Developer Name: **Behavioral Health Center of Excellence**

Acronym: **BHCOE**

Committee Title:

Secretariat:

Contact: Anya Perea

Title: Chief Executive Officer

Address: 8033 Sunset Blvd, #1093

Los Angeles, CA 90046

Phone: (310) 627-2746

Alternate Phone:

E-Mail: anya@bhcoe.org

WWW URL: www.bhcoe.org

Accreditation Date: 03/20/2019

Scope: BHCOE's Code of Effective Behavioral Organizations ("Code") are a set of standards which guide organizations who provide Applied Behavior Analysis therapy services. Applied Behavior Analysis (ABA) is a therapy used primarily with individuals with autism and other developmental disabilities and is widely funded by private and public insurance carriers, schools, and state programs. □

Developer Name: **Board of Executive Protection Professionals**

Acronym: **BEPP**

Committee Title:

Secretariat:

Contact: James Cameron

Title: President & CEO

Address: 8131 Dolce Flore Avenue

Las Vegas, NV 89178

Phone: (714) 510-0671

Alternate Phone: (866) 724-7565

E-Mail: info@ep-board.org

WWW URL: <https://www.scg-lv.com/>

Accreditation Date: 9/20/2021

Scope: BEPP is pursuing a national standard that focuses on Executive Protection. This standard will establish the compulsory platform for competently, professionally, and ethically providing this specialized service for high-net-worth individuals, government officials, business executives, foreign diplomats, and other at-risk individuals. Currently, there is no established standard in this complex domain, allowing unqualified individuals to provide support, placing those in their charge at increased physical risk and liability.

Developer Name: **Builders Hardware Manufacturers Association**

Acronym: **BHMA**

Committee Title:

Secretariat:

Contact: Karen Bishop

Title: Senior Manager

Address: 529 14th Street, NW

Suite 1280

Washington, DC 20045

Phone: (202) 591-2438

Alternate Phone: (513) 600-2871

E-Mail: kbishop@kellencompany.com

WWW URL: www.buildershardware.com

Accreditation Date: 3/21/1983

Scope: BHMA maintains the ANSI/BHMA A156 series of standards covering builders hardware products including architectural door trim, auxiliary hardware, cabinet hardware, door controls, exit devices, hinges, locking devices, power operated doors, and sliding and folding door hardware. It will add these standards, as the need is identified, builders hardware products listed under the "Hardware, N.E.C. Industry sub product code 34294, Builders Hardware." Standards for related products manufactured by members of BHMA will be developed as needed providing a consensus of the involved manufacturing segment of the industry is represented

Developer Name: **Building Industry Consulting Service International**

Acronym: **BICSI**

Committee Title:

Secretariat:

Contact: Allen Dean

Title: Senior Technical Editor, Manuals

Address: 8610 Hidden River Parkway

Tampa, FL 33637

Phone: (813) 769-1849

Alternate Phone: (813) 979-1991

E-Mail: publications@bicsi.org

WWW URL: www.bicsi.org

Accreditation Date: 11/8/1999

Scope: Premises telecommunications cabling and networks installation and design methods

Developer Name: **Building Owners and Managers Association**

Acronym: **BOMA**

Committee Title:

Secretariat:

Contact: Kia Lor

Title: Director of Education

Address: 1101 15th Street, NW

Suite 800

Washington, DC 20005

Phone: (202) 326-6315

Alternate Phone:

E-Mail: education@boma.org

WWW URL: www.boma.org

Accreditation Date: 7/19/1985

Scope: Standard method of floor measurement; safety standard for powered platforms

Developer Name: **Building Performance Institute**

Acronym: **BPI**

Committee Title:

Secretariat:

Contact: Daniela Freeman

Title: Manager, Standards

Address: 66 Putnam Street

Suite 202

Saratoga Springs, NY 12866

Phone: (518) 899-2727

Alternate Phone:

E-Mail: dfreeman@bpi.org

WWW URL: www.bpi.org

Accreditation Date: 7/13/2010

Scope: Standardization activities include those for the assessment of existing residential buildings to improve the energy efficiency, comfort and occupant health and safety, installation of various energy conservation and energy efficiency measures to the building enclosure and the building systems, application standards for various energy conservation and energy efficiency measures, and the verification and commissioning of improved building enclosures and building systems.

Developer Name: **Business and Institutional Furniture Manufacturers Association**

Acronym: **BIFMA**

Committee Title:

Secretariat:

Contact: Anthony Serge

Title: Technical Director, Safety and Performance

Address: 678 Front Avenue NW

Suite 150

Grand Rapids, MI 49504-5368

Phone: (616) 591-9798

Alternate Phone: (248) 939-6114

E-Mail: aserge@bifma.org

WWW URL: www.bifma.org

Accreditation Date: 12/15/1983

Scope: BIFMA develops safety and performance standards for furniture and related products, including but not limited to, seating products, workstation systems, workstation components, individual furniture items, desks, tables, desking systems, casegoods, files, storage products, carts, bookcases, shelves, drawers, locks, doors, panel systems, moveable walls, demountable walls, freestanding furniture, cabinets, lighting, and accessories intended for commercial office, home office, residential and institutional (including but not limited to healthcare, hospitality and educational) environments. BIFMA standards may address multiple attributes, including but not limited to, human and ecosystem health, safety, durability, reliability, quality, sustainability, recyclability, recycled content, chemical content, chemical emissions, flammability, electrical properties, material efficiency, energy efficiency, social responsibility, design for the environment, climate neutral materials, waste management, water management, embodied energy, greenhouse-gases, renewable energy, manufacturing process chemicals, hazardous waste, air emissions, stability, strength, structure, transportation, shipping, and packaging. BIFMA standards may also address manufacturer and supplier practices of operation related to the above attributes within facilities of operation, laboratory equipment, testing methods, acceptance criteria, determinations of compliance, frequency of testing, and other related aspects.

Developer Name: **Center for Offsite Construction, School of Architecture and Design, New York Institute of Technology**

Acronym: **CfOC**

Committee Title:

Secretariat:

Contact: Mathew Ford

Title: Managing Director

Address: 1855 Broadway

New York, NY 10023

Phone: (646) 273-6074

Alternate Phone:

E-Mail: mford05@nyit.edu

WWW URL: <https://www.nyit.edu/academics/architecture-and-design/center-for-offsite-construction/>

Accreditation Date: 2/11/2025

Scope: Standards activities in the field of US offsite construction as applied to US construction. Standards to align industry efforts in the adoption of offsite construction techniques (including categories of offsite manufacturing, panelization, volumetric modular, PreFab, etc.). Standards to expand offsite construction markets, efficient application, and overall product offerings

Acronym: **CAPA**

Committee Title:

Secretariat:

Contact: Bernadette Kronberg

Title: Program Manager, Transportation Technologies, Intertek

Address: c/o Intertek

4700 Broadmoor SE, Suite 200

Kentwood, MI 49512

Phone: (616) 656-7483

Alternate Phone: (616) 481-1856

E-Mail: Bernadette.Kronberg@intertek.com

WWW URL: www.CAPAcertified.org

Accreditation Date: 6/27/2002

Scope: To develop and maintain consensus of quality standards for competitive crash repair parts

Developer Name: **Clinical and Laboratory Standards Institute**

Acronym: **CLSI**

Committee Title:

Secretariat:

Contact: Jennifer Adams

Title: Vice President, Standards and Quality

Address: 1055 Westlakes Drive

Suite 300

Berwyn, PA 19312

Phone: (484) 588-5941

Alternate Phone:

E-Mail: jadams@clsi.org

WWW URL: www.clsi.org

Accreditation Date: 6/10/1994

Scope: The CLSI (formerly NCCLS) Administrative Procedures serve the following purposes: -to compile the operating procedures of NCCLS dealing with the general administration of the organization, the committee structure for development of standards, and the standards development process itself. -to provide continuity in the way NCCLS is organized and operates in the development of consensus standards. The procedures recognize that participation in NCCLS is voluntary, and will often involve the use of scientific experts for indeterminate periods of time. An understanding of these procedures enables participants to familiarize themselves with the procedures and principles of NCCLS, maximize their level of participation, and appreciate the significance of their individual and collective contributions. For those in leadership roles, the manual assists in organizing their standards efforts and outlining their responsibilities for supervising and documenting the development of standards. -to provide a mechanism for setting priorities for NCCLS projects based on real medical usefulness and clinical relevance. -to assure that the consensus process is appropriately applied to the development of standards and guidelines. -to assure the existence of balance representation in the NCCLS consensus process. It is essential that those who elect to use NCCLS standards have confidence that they were developed without undue influence exerted by any special interest group. -to assure that standards and guidelines developed by NCCLS are not unduly exclusionary nor widely permissive in their requirements. Avoidance of these extremes is essential for NCCLS publications to be useful in practice

Developer Name: **Commission on Accreditation of Ambulance Services**

Acronym: **CAAS**

Committee Title:

Secretariat:

Contact: Marcie McGlynn

Title: Director of Administration

Address: 1926 Waukegan Road

Suite 300

Glenview, IL 60025

Phone: (847) 657-6828

Alternate Phone:

E-Mail: marciem@tcag.com

WWW URL: www.caas.org

Accreditation Date: 11/06/2015

Scope: The Commission on Accreditation of Ambulance Services (CAAS) has developed two sets of standards. The CAAS Standards which are standards for the operations of ambulance services were developed 20 years ago and we have maintained these standards for over the last 20 years. We are also currently developing Ground Vehicle Standards for ambulances.

The current CAAS standards encompass the operational areas of organizational management, interagency relations, general management, financial management, community relations, public affairs, human resources, clinical standards, safe operations, managing risk, equipment, vehicles, facilities and communications centers.

CAAS is also developing consensus based ground ambulance vehicles standards called CAAS GVS 2015. These standards identify the minimum requirements for new automotive Emergency Medical Services (EMS) ambulances (except combat operations and combat support ambulances) built on Original Equipment Manufacturer's Chassis (OEM) that are prepared by the OEM for use as an ambulance. Refurbishing and remounted vehicles are not covered by these standards. These standards apply to new vehicles only. The object of the Ground Vehicle Standard (CAAS GVS 2015) is to best serve patients by providing ground ambulances that are safe, nationally recognized, properly constructed, easily maintained, and when professionally staffed and provisioned, will function reliably in pre-hospital and other mobile emergency medical service. The CAAS GVS 2015 establishes minimum requirements, performance parameters and essential criteria for the design of ground ambulances in an effort to provide a practical degree of standardization.

By definition an ambulance is a vehicle used for emergency medical care and patient transport. These standards are for the construction of ambulances, not for vehicles intended for use as fire apparatus. National and international standards exist for automotive fire apparatus. These standards can be obtained from organizations such as the National Fire Protection Association (NFPA).

Developer Name: **Commission on Accreditation of Medical Transport Systems**

Acronym: **CAMTS**

Committee Title:

Secretariat:

Contact: Dudley Smith

Title: Associate Executive Director

Address: P.O. Box 130

Sandy Springs, SC 29677

Committee Title:

Secretariat:

Contact: Linda Raynes

Title: Acting Executive Vice President

Address: 1331 Baur Road

St. Louis, MO 63132

Phone: (314) 993-2220

Alternate Phone:

E-Mail: lraynes@easa.com

WWW URL:

Accreditation Date: 11/25/1998

Scope: The EASA publishes Recommend Practice for the Repair of Rotating Electrical Apparatus. This document describes recordkeeping, tests, analysis, and general guidelines for the repair of rotating electrical apparatus, including generators and motors. The purpose of EASA documents is to establish requirements in each step of electrical apparatus rewinding and rebuilding. They are not intended to take the place of the customer's or the machine manufacturer's specific instructions or specifications. EASA standards related documents are intended to aid in assuring the continued reliability of electrical apparatus, by providing good work practice guidance. Further, they are intended as guides for maintaining the energy efficiency of rewound and rebuilt electrical apparatus. The scope of EASA's standards activities differs from that of IEEE, NEMA, and NFPA. It is the intention of EASA to continue to reference IEEE, NEMA, and NFPA standards where they apply to a document

Developer Name: **Electronic Components Industry Association**

Acronym: **ECIA**

Committee Title:

Secretariat:

E-Mail: deann@pddd.com

WWW URL: www.innovate.gatech.edu

Accreditation Date: 9/23/1999

Scope: Standards and related documents relative to energy management systems

Developer Name: **Glazing Industry Secretariat Committee**

Acronym: **GISC (ASC Z97)**

Committee Title: Safety Requirements for Architectural Glazing Material

Secretariat: Glazing Industry Secretariat Committee

Contact: Julia Schimmelpenningh

Title: Technical Engagement Manager - Architectural, Eastman Chemical

Address: 730 Worcester Street

Springfield, MA 01151

Phone: (413) 730-3413

Alternate Phone: (413) 627-0606

E-Mail: jcschi@eastman.com

WWW URL: www.ansiz97.com

Accreditation Date: 5/15/1985

Scope: Specifications and methods of test for safety glazing material (glazing material designed to promote safety and to reduce or minimize the likelihood of personal injury from glazing material when the glazing material is broken) as used for all general construction and architectural purposes

Developer Name: **Green Building Initiative**

Acronym: **GBI**

Committee Title:

Secretariat:

Contact: Sara Rademacher

Title: Vice President of Programs & Operations

Address: 7805 SW 40th Avenue

□#80010

Portland, OR 97219

Phone: (503) 274-0448

Alternate Phone: (503) 274-0448

E-Mail: sara@thegbi.org

WWW URL: www.thegbi.org

Accreditation Date: 9/22/2005

Scope: To develop and maintain consensus standards for environmentally preferable design and construction of commercial buildings.

Developer Name: **Hardwood Plywood Veneer Association**

Acronym: **HPVA**

Committee Title:

Secretariat:

Contact: Joshua Hosen

Title:

Address: 42777 Trade West Drive

Sterling, VA 20166

Phone: (703) 435-2900

Alternate Phone:

E-Mail: Jhosen@decorativehardwoods.org

WWW URL: www.DecorativeHardwoods.org□

Accreditation Date: 11/3/1983

Scope: Product standards for engineered wood flooring, hardwood & decorative plywood, and due diligence in procuring/sourcing legal timber.

Developer Name: **Health Industry Business Communications Council**

Acronym: **HIBCC**

Committee Title:

Secretariat:

Contact: Allison Mehr

Title: Vice President

Address: 2525 E. Arizona Biltmore Circle Ste. 127

Phoenix, AZ 85016

Phone: (602) 381-1091

Alternate Phone:

E-Mail: allisonmehr@hibcc.org

WWW URL: www.hibcc.org

Accreditation Date: 7/11/1995

Scope: HIBCC is seeking to standardize identification of the buyers, sellers and products which comprise electronic commerce in the health care industry. It is HIBCC's intent to accomplish this task in conjunction with other standards development organizations and interested and affected parties, and to create new standards only where they have not been developed within the ANSI frame work

Developer Name: **Health Level Seven**

Acronym: **HL7**

Committee Title:

Secretariat:

Contact: Lynn Laakso

Title: Director of Technical Publications

Address: 455 E. Eisenhower Parkway, Suite 300 #025

Ann Arbor, MI 48108

Phone: (734) 921-0316

Alternate Phone:

E-Mail: lynn@hl7.org

WWW URL: www.hl7.org

Accreditation Date: 6/12/1994

Scope: The purpose of HL7 is to develop and publish protocol specifications for application level communications among diverse health data acquisition, processing, and handling systems

Developer Name: **Health Physics Society**

Acronym: **HPS (ASC N13)**

Committee Title: Radiation Protection

Secretariat: Health Physics Society

Contact: Amy Wride-Graney

Title: Standards Coordinator

Address: 950 Herndon Parkway

Suite 450

Herndon, VA 20170

Phone: (703) 790-1745

Alternate Phone:

E-Mail: awride-graney@burkinc.com

WWW URL: www.hps.org

Accreditation Date: 8/27/1985

Scope: The development of national standards dealing with or pertaining to radiation protection. Radiation protection include the protection of individuals or groups from occupational or environmental exposure to radiation or radioactive materials

Developer Name: **Health Physics Society**

Acronym: **HPS (ASC N43)**

Committee Title: Equipment for Non-Medical Radiation Applications

Secretariat: Health Physics Society

Contact: Amy Wride-Graney

Title: Standards Coordinator

Address: 950 Herndon Parkway

Suite 450

Herndon, VA 20170

Phone: (703) 790-1745

Alternate Phone:

E-Mail: awride-graney@burkinc.com

WWW URL: www.hps.org

Accreditation Date: 7/11/1986

Scope: Standards pertaining to products and equipment for non-medical scientific, industrial, and educational uses, involving ionizing radiation sources including radioactive materials, accelerators, and x-ray equipment. This scope excludes instrumentation, except for its radiation safety aspects, and nuclear reactors

Developer Name: **Healthcare Standards Institute**

Acronym: **HSI**

Committee Title:

Secretariat:

Contact: Veronica Muzquiz Edwards

Title: CEO

Address: 347 Park Ridge

Boerne, TX 78006

Phone: (210) 366-0033

Alternate Phone:

E-Mail: hboisjoly@hsi.health

WWW URL: www.hsi.health/

Accreditation Date: 10/16/2019

Scope: Standardization in the field of healthcare administration will include classification, terminology and nomenclature, management practices and metrics that comprise the “business” operations among healthcare entities. Covered subjects would include healthcare supply chain, capital (financial) management, patient admission and discharge approaches, human resource management specific to healthcare management, facilities management specific to healthcare facilities”, and all other non-clinical organizational support functions. These practices and metrics will be limited to staff and operational management of healthcare entities. For the purposes of this committee’s work, this proposal identifies healthcare entities as those organizations “whose principal operations consist of agreeing to provide health care services and entities whose primary activities are the planning, organization, and oversight of such entities, such as parent or holding companies of healthcare providers. □

Developer Name: **Home Innovation Research Labs**

Acronym: **Home Innovation**

Committee Title:

Secretariat:

Contact: John Peavey

Title: Director, Building Science Division

Address: 400 Prince George's Boulevard

Upper Marlboro, MD 20774

Alternate Phone: (862) 217-2441

E-Mail: esuarez@pumps.org

WWW URL: www.pumps.org

Accreditation Date: 7/11/1986

Scope: Standards in regard to centrifugal vertical, reciprocating, and rotary pumps

Developer Name: **Illuminating Engineering Society**

Acronym: **IES**

Committee Title:

Secretariat:

Contact: Patricia McGillicuddy

Title: Manager of Technology

Address: 85 Broad Street

17th Floor

New York, NY 10004

Phone: (212) 248-5000

Alternate Phone: (917) 913-0027

E-Mail: pmcgillicuddy@ies.org

WWW URL: www.ies.org

Accreditation Date: 4/19/1979

Scope: IES standards encompass Recommended Practices, Design Guides, Lighting Measurements, and Technical Memorandums. The IES has approximately 60 technical committees involved in writing lighting standards dedicated to the art and science of lighting design and technology.

Developer Name: **Industrial Steel Drum Institute**

Acronym: **ISDI (ASC MH2)**

Committee Title: Metal Drums and Pails

Secretariat: Industrial Steel Drum Institute

Contact: Matt Mlynarczyk

Title: Executive Director

Address: P.O. Box 8570

Alexandria, VA 22306-8570

Phone: (703) 623-2929

Alternate Phone:

E-Mail: mattm@industrialpackaging.org

WWW URL: www.whysteeldrums.org

Accreditation Date: 11/8/1984

Scope: Standardization of metal drums and pails having a volume of one gallon or greater, to include terminology, dimensions, construction requirements, materials, and procedures

Developer Name: **Industrial Truck Standards Development Foundation, Inc.**

Acronym: **ITSDF**

Committee Title:

Secretariat:

Contact: Christopher Merther

Title: Secretary/Treasurer

Address: 1750 K Street NW

Suite 460

Washington, DC 20006

Phone: (202) 296-9880

Alternate Phone:

E-Mail: chris.merther@itsdf.org

WWW URL: www.indtrk.org

Accreditation Date: 9/24/2004

Scope: The establishment of safety requirements relating to the elements of design, operation, and maintenance, the standardization relating to principal dimensions to facilitate interchangeability, and establishment of test methods and test procedures, for powered and non-powered industrial trucks (not including vehicles intended primarily for earthmoving or over-the-road hauling) and wheels and casters. ITSDF shall also maintain liaison with ISO in all matters pertaining to powered and non-powered industrial trucks.

Developer Name: **Institute for Credentialing Excellence**

Acronym: **ICE**

Committee Title:

Secretariat:

Contact: Liz Dombrowski

Title: Accreditation Services Manager

Address: 2001 K Street NW, 3rd Floor North

Washington, DC 20006

Phone: (202) 367-1165

Alternate Phone: (202) 367-2383

E-Mail: ldombrowski@credentialingexcellence.org

WWW URL: www.credentialingexcellence.org

Accreditation Date: 7/2/2008

Scope: ICE's standards development scope of activity covers credentialing, issuance of certificates and other forms of conformity assessment and evaluation practices related to the development of: knowledge and competencies required for a given profession; educational programs leading to the issuance of a certificate; and the validation that an individual has achieved the specified learning objectives of the educational program and/or knowledge and competency levels of the profession.

Developer Name: **Institute for Market Transformation to Sustainability**

Acronym: **MTS**

Committee Title:

Secretariat:

Contact: Michael Italiano

Title: Chief Executive Officer

Address: 1511 Wisconsin Avenue, NW

Washington, DC 20007

Phone: (202) 298-6556

Alternate Phone:

E-Mail: mike@sustainableproducts.com

WWW URL: www.sustainableproducts.com

Accreditation Date: 9/26/2006

Scope: Sustainable products, green buildings, clean vehicles, green power, social equity, life cycle assessment (LCA) and related activities. Sustainable products are those best for the environment, economy and social equity and based on international law, must be measured by life cycle assessment (LCA). MTS identified in 2000, Sustainable Products Standards on its web site: <http://mts.sustainableproducts.com/standards.htm>

Developer Name: **Institute of Electrical and Electronics Engineers**

Acronym: **IEEE**

Committee Title:

Secretariat: Institute of Electrical and Electronics Engineers

Contact: David Ringle

Title: Director, IEEE-SA Governance

Address: 445 Hoes Lane

Piscataway, NJ 08854-4141

Phone: (732) 562-3806

Alternate Phone:

E-Mail: d.ringle@ieee.org

WWW URL: www.ieee.org

Accreditation Date: 9/21/1982

Scope: The scope of IEEE Standardization activities falls within the technological field stated in the IEEE Constitution (see [9]): the advancement of the theory and practice of electrical engineering, electronics, radio and the allied branches of engineering, and the related arts and sciences. This scope includes the defined scopes of the Societies and the Technical Committees. As a transnational organization IEEE strives to generate standards publications that will have the broadest potential international acceptance. The IEEE Standards Board has overall responsibility for IEEE Standards development and approval, and sole responsibility for appointment to and participation in, cooperation with, other organizations on all standards matters. IEEE develops and publishes standards in such categories as definitions and terminology; methods of measurement and tests; ratings structures, temperature limits, application guides; recommended practices; and safety. Rating and dimensional information included in an IEEE Standard should result from technical considerations. Arbitrary rating information developed by other competent organizations may be included provided it is consistent with good engineering practice. The approval and publication of an IEEE Standard implies that the document represents a consensus of all parties who have participated in its development and review. Since every attempt is made to involve all interests in the activity, it can be presumed that the document represents a consensus of all interests concerned with the scope of the standard. When appropriate, IEEE will cooperate with standardizing groups throughout the world in the preparation of standards involving an area of interest within its scope. Approval by the IEEE signifies that the IEEE believes the document to be consistent with good engineering practice.

Also (N42 standards): Standards, specifications, and methods of testing related to instrumentation for control, protection, and information, and also related to instrumentation systems and components thereof, for use in the radiation and nuclear fields, including personnel protection, industrial processes, analysis and laboratory work, radiation calibration, and nuclear and radiation applications

Developer Name: **Institute of Electrical and Electronics Engineers**

WWW URL: www.netaworld.org

Accreditation Date: 7/8/1996

Scope: The InterNational Electrical Testing Association (NETA) publishes Acceptance Testing Specifications for Electrical Power Distribution Equipment and Systems which provide requirements for the testing of newly installed electrical equipment and systems. NETA also publishes Maintenance Testing Specifications for Electrical Power Distribution Equipment and Systems which provide requirements for the testing of existing electrical facilities. The NETA acceptance standards address acceptance testing of newly installed power systems and apparatus prior to energizing to ensure that the installation and equipment comply with specifications, manufacturer's standards, regulatory and safety requirements, and intended use. The NETA maintenance testing standards aid in ensuring safe, reliable operation of existing electrical power systems and equipment. Maintenance testing can identify potential problem areas before they become major problems requiring extensive and time-consuming solutions. NETA's scope of standards activity is different from that of the IEEE, NEMA and UL. In matters of testing electrical equipment and systems it is the intention of NETA to continue to reference IEEE, NEMA, and UL standards where required

Address: 270 Peachtree Street NW, Suite 1900

Atlanta, GA 30303

Phone: (678) 367-0981

Alternate Phone:

E-Mail: jvidich@isa-arbor.com

WWW URL: www.isa-arbor.com

Accreditation Date: 11/8/1984

Scope: Safety requirements - for pruning, trimming, repairing, maintaining, and removing trees and for cutting brush and for the equipment used in such operations

Developer Name: **International Society of Automation**

Acronym: **ISA (Organization)**

Committee Title:

Secretariat:

Contact: Eliana Brazda

Title: Standards Coordinator

Address: 3252 S. Miami Blvd

Suite 102

Durham, NC 27703

Phone: (919) 990-9228

Alternate Phone: (919) 358-3892

E-Mail: ebrazda@isa.org

WWW URL: www.isa.org

Accreditation Date: 9/10/1987

Scope: To enhance the technology and increase the safety, security, and performance of instrumentation and automation systems through the development and promotion of national and international standards and related documents that are authoritative, unbiased, competent, and widely acceptable.

Developer Name: **International Staple, Nail and Tool Association**

Acronym: **ISANTA**

Committee Title:

Secretariat:

Contact: Jeff Henry

Title: Account Executive

Address: 1601 American Lane

Suite 310

Schaumburg, IL 60173-4973

Phone: (847) 375-6402

Alternate Phone: (414) 841-3711

E-Mail: jhenry@isanta.org

WWW URL:

Accreditation Date: 1/3/1984

Scope: ISANTA will maintain ANSI/ISNTA 101-1983, safety requirements for heavy duty portable compressed air actuated fastener driving tools

Developer Name: **Interstate Renewable Energy Council, Inc.**

Acronym: **IREC**

Committee Title:

Secretariat:

Contact: Cynthia Finley

Title: Vice President, Workforce and Strategic Innovation

Address: 125 Wolf Road

Suite 100

Albany, NY 12205

Phone: (804) 370-6998

Alternate Phone:

E-Mail: cynthiaf@irecusa.org

WWW URL: www.irecusa.org

Accreditation Date: 6/19/2013

Scope: Clean energy - The focus of this scope includes workforce training, education and instruction, and specific IREC standards will address components related to these aspects of workforce credentialing. IREC will submit Standard 14732:2013 General Requirements for Clean Energy Certificate Programs for recognition as an American National Standard. Submission of subsequent standards for accreditation will follow.

Developer Name: **IPC - Association Connecting Electronics Industries**

Acronym: **IPC**

Committee Title:

Secretariat:

Contact: Kieron Roberson

Title: Standards Coordinator

Address: 3000 Lakeside Drive

Suite 105 N

Bannockburn, IL 60015

Phone: (847) 597-2847

Alternate Phone:

E-Mail: kieronroberson@ipc.org

WWW URL: www.ipc.org

Accreditation Date: 10/15/1985

Scope: Design and performance standards for all types of interconnections, including printed wiring boards, flexible circuits, flat cable and discrete wiring devices. In addition, IPC develops standards for materials used in these products. Also, IPC is involved in standards for computer-aided technology, used to define electronic description. IPC is therefore also involved not only in the development of product standards, but in standardization and in guidelines that will impact the electronic packaging community. A roster of committees has been provided, including a brief description of the scope of standardization programming for each group

Developer Name: **JEDEC Solid State Technology Association**

Acronym: **JEDEC**

Committee Title:

Secretariat:

Contact: Julie Carlson

Title: Manager, Standards & Publications

Address: 3103 North 10th Street

Suite 240S

Arlington, VA 22201

Phone: (703) 907-7559

Alternate Phone:

E-Mail: juliec@jedec.org

WWW URL: www.jedec.org

Accreditation Date: 7/20/2009

Scope: The scope of JEDEC includes, but is not necessarily limited to (1) discrete solid state devices, (2) integrated circuits, (3) electronic modules, and (4) various manufacturing support functions

Developer Name: **Kitchen Cabinet Manufacturers Association**

Acronym: **KCMA**

Committee Title:

Secretariat:

Contact: Chuck Arnold

WWW URL: www.kcma.org

Accreditation Date: 11/3/1983

Scope: Kitchen cabinets and bathroom vanities

Developer Name: **Leonardo Academy Inc.**

Acronym: **LEO**

Committee Title:

Secretariat:

Contact: Michael Arny

Title: President

Address: 8401 Excelsior Drive

Madison, WI 53717

Phone: (608) 280-0255

Alternate Phone: (608) 346-5199

E-Mail: michaelarny@leonardoacademy.org

WWW URL: www.leonardoacademy.org

Accreditation Date: 12/9/2005

Scope: The development of sustainability standards for measuring the overall sustainability performance and reduced environmental impacts of individuals, families, businesses, government, other organizations, vehicles, events; and standards for emission reductions actions. The scope of these include: 1. Standards for Sustainable Organizations (Sustainability Achievements of Organizations) that provide a scale for measuring the achievement of businesses, governments, government agencies and other organizations in reducing their negative impacts and increasing their positive impacts on the environment, the economy and society. Components of sustainable organization performance include both direct and indirect impacts on the land, water, and atmosphere, including the environmental impacts of supply chains for the goods and services purchased and/or produced by the organization. 2. Standards for Sustainable Vehicles that provide a scale for measuring the achievements of manufacturers of vehicles and others in reducing the negative impacts of vehicles on the environment, the economy and society. Components of sustainable vehicle performance include both direct and indirect environmental impacts on the land, water, and atmosphere during all phases of the vehicle life, including manufacturing, operation, and end-of-life disposal. 3. Standards for Sustainable Events that provide a scale for measuring the achievements of events organizers and participants in reducing the negative impacts of events on the environment, the economy and society. Components of sustainable event performance include both the direct and indirect impacts of the event on the land, water, and atmosphere as related to the goods and services consumed during the planning, implementation, and clean up phases of the event and other event-related activities. 4. Standards for Emissions Reductions that quantify the environmental emissions caused by individuals, businesses, government, and other organizations; quantify and credit emission reductions and sequestration, and offsets; and quantify the net environmental emissions caused by individuals, businesses, government, and other organizations.

Developer Name: **Licensing Executives Society (U.S. and Canada)**

Acronym: **LES**

Committee Title:

Secretariat:

Contact: Will Cottrell

Title:

Address: 11130 Sunrise Valley Drive

Suite 350

Reston, VA 20191

Phone: (781) 779-4171

Alternate Phone:

E-Mail: standards@les.org

WWW URL: www.les.org

Accreditation Date: 01/17/2017

Scope: The key purposes of the LES standards development activities are the following:

- Raise the standards of business conduct in IP-oriented transactions
- Improve the practice of IP management and by doing so mitigate its risks
- Reduce the cost and time required to do IP-oriented transactions and IP management
- Protect and preserve the value of IP for innovative individuals and enterprises

The scope of the work is all of IP management (The focus right now is on Management Systems Standards). LES intends for the standards it develops to be relevant and useful internationally. When we use the term “IP,” we are actually referring to intangible property generally or what some people call intellectual capital. In other words, we are not limiting our application of standards development disciplines only to patents, copyrights, trademarks and trade dress, and trade secrets. We are also including management of knowhow, proprietary, confidential, and commercial information, enterprise processes, financial information, enterprise strategies, and any other non-public information or ways of doing business belonging to an enterprise.

The standards that LES intends to develop will apply, for example, to the behavior of parties to a transaction involving intellectual capital – whether licensing or assignment of rights – the valuation of the intellectual capital, the development and securing of rights to intellectual property capital, the sharing and use of IP in commercial transactions, and the protection of (whether through legal or business process means of own-enterprise or other-enterprise) intellectual capital.

Developer Name: **Manufacturers Standardization Society**

Acronym: **MSS**

Committee Title:

Secretariat:

Contact: Lorna Soderberg

Title: Executive Director

Address: 441 North Lee Street

Alexandria, VA 22314

Phone: (703) 223-7038

Alternate Phone:

E-Mail: lsoderberg@msshq.org

WWW URL: www.mss-hq.org

Accreditation Date: 1/22/2002

Scope: The Manufacturers Standardization Society of the Valve and Fittings Industry is a technical association organized for the development and improvement of industry, national, and international codes and standards for valves, valve actuators, pipe fittings, flanges, pipe hangers and associated seals

Developer Name: **Material Handling Industry**

Acronym: **MHI**

Committee Title:

Secretariat:

Contact: Patrick Davison

Title: Director, Standards

Address: 8720 Red Oak Boulevard

Suite 201

Charlotte, NC 28217

Phone: (704) 714-8755

Alternate Phone: (704) 714-8702

E-Mail: pdavison@mhi.org

WWW URL: www.mhi.org

Accreditation Date: 1/9/1984

Scope: Underhung cranes and monorails; industrial metal containers; overhead traveling cranes; storage racks; shelving; welded wire rack decking; demountable remountable/relocatable multiple use platforms; portable, dock-face mounted, and fixed loading dock levelers; industrial scissor lifts; vertical and horizontal carousels; vertical lift modules; dock boards; restraints for trailers/vehicles at loading docks; plastic bulk containers; plastic hand-held totes (rigid and folding); industrial caster and wheels; vertical reciprocating conveyors.

Developer Name: **Material Handling Industry**

Acronym: **MHI (ASC MHC)**

Committee Title: Unit Loads & Transport Packages; Pallets, Slip Sheets and Other Bases for Unit Loads

Secretariat: Material Handling Industry

Contact: Patrick Davison

Title: Director, Standards

Address: 8720 Red Oak Boulevard
Suite 201
Charlotte, NC 28217

Phone: (704) 714-8755

Alternate Phone: (704) 676-1190

E-Mail: pdavison@mhi.org

WWW URL: www.mhi.org

Accreditation Date: 6/11/1984

Scope: To facilitate freight movement within transportation and distribution systems for transport-packages and unit-loads, including their dimensions, definitions, terminology, coding, labeling, and performance criteria; and to represent the United States interests within the scope of ISO/TC 122; Pallets, Slip Sheets, and Other Bases for Unit Loads

Developer Name: **Metal Building Manufacturers Association**

Acronym: **MBMA**

Committee Title:

Secretariat:

Contact: Vincent Sagan

Title: Director of Codes and Standards

Address: 1300 Sumner Avenue

Cleveland, OH 44115-2851

Phone: (216) 343-1275

Alternate Phone: (216) 965-7981

E-Mail: vsagan@mbma.com

WWW URL: <https://www.mbma.com>

Accreditation Date: 2/3/2025

Scope: Standards for metal building systems and/or for metal-building-systems-related processes.

Developer Name: **MTConnect Institute**

Acronym: **MTConnect**

Committee Title:

Secretariat:

Contact: Benjamin Moses

Title: AMT | Director, Manufacturing Technology |

Address: 7901 Jones Branch Drive

Suite 900

McLean, VA 22102

Phone: (703) 827-5231

Alternate Phone: (301) 535-1154

E-Mail: bmoses@amtonline.org

WWW URL: <http://www.amtonline.org>

Accreditation Date: 5/11/2018

Scope: The MTConnect standard including all its current parts as well as future expansions or extensions of the standard. The core functionality of the standard includes a data dictionary and data structure for manufacturing, especially as it pertains to production operations (“shop floor”)□

Developer Name: **National Air Duct Cleaners Association**

Acronym: **NADCA**

Committee Title:

Secretariat:

Contact: Jodi Araujo

Title: Executive Director

Address: 1120 Route 73

Suite 200

Mt. Laurel, NJ 08054

Phone: (856) 380-6886

Alternate Phone:

E-Mail: jodi@nadca.com

WWW URL: www.nadca.com

Accreditation Date: 7/19/2007

Scope: NADCA has committed to the development of American National Standards for the assessment, cleaning, and restoration of HVAC systems including, but not limited to, residential, commercial, institutional, industrial and maritime systems.

Developer Name: **National Association of Architectural Metal Manufacturers**

Acronym: **NAAMM**

Committee Title:

Secretariat:

Contact: Jeff Church

Title: Executive Vice-President

Address: 114 Whiting Street

Norfolk, VA 23505

Phone: (630) 942-6532

Alternate Phone:

E-Mail: jeffc@cmservices.com

WWW URL: www.naamm.org

Accreditation Date: 12/14/1983

Scope: Standards, specifications, procedures, and terminology for metal bar grating, expanded metal, hollow metal doors and frames, metal flagpoles, metal stairs and railings, and metal lathing and furring

Developer Name: **National Association of State Boating Law Administrators**

Acronym: **NASBLA**

Committee Title:

Secretariat:

Contact: Mark Chanski

Title: Education Director

Address: 1020 Monarch Street

Suite 200

Lexington, KY 40513

Phone: (859) 225-9487

Alternate Phone: (859) 225-7372

E-Mail: mark.chanski@nasbla.org

WWW URL: www.nasbla.org

Accreditation Date: 09/19/2014

Scope: Knowledge and competencies for the recreational boater and boating professionals working within or on behalf of the recreational boating community in North America.

Developer Name: **National Board of Boiler and Pressure Vessel Inspectors**

Acronym: **NBBPVI**

Committee Title:

Secretariat:

Contact: Jonathan Ellis

Title: Staff Engineer (NBIC Committee Coordinator)

Address: 1055 Crupper Avenue

Columbus, OH 43229-1183

Phone: (614) 431-3236

Alternate Phone:

E-Mail: NBICSecretary@nbbi.org

WWW URL: www.nationalboard.org

Accreditation Date: 1/8/1992

Scope: The (NBBPVI) committee is constituted for the purpose of maintaining the National Board Inspection Code (National Board publication ANSI/ NB-23), a code whose purpose is to provide rules for jurisdictional adoption and help ensure that pressure-retaining equipment may continue to be safely used. The code includes guidelines for inspection, installation, welding, nondestructive examination methods, maintenance and testing of pressure-retaining items including pressure relief valves, applicable appurtenances and other specialized obsolete and unique pressure-retaining equipment. The code provides rules for repair and alteration to pressure-retaining items and repair of pressure relief devices and rules for accreditation of organizations that conduct this work

Developer Name: **National Conference of Standards Laboratories**

Acronym: **NCSLI (ASC Z540)**

Committee Title: Standards Writing Group on Metrology and Testing

Secretariat: National Conference of Standards Laboratories

Contact: Jonathan Harben

Title: Vice President, Standards and Practices

Address: 5766 Central Avenue, Suite 150

Boulder, CO 80301

Phone: (707) 577-4014

Alternate Phone:

E-Mail: jon_harben@keysight.com

WWW URL: www.ncsli.org

Accreditation Date: 2/28/1994

Scope: To develop and maintain standards for the operation and design of calibration laboratories, requirements for the control and use of measuring and test equipment, and requirements or guides for metrological functions associated with calibration laboratories and/or measuring and test equipment. These standards may be new development projects or may be based upon current ISO/IEC standards or guides, other international standards, recommended practices developed by the National Conference of Standards Laboratories (NCSL) or other industry good practices

Developer Name: **National Contract Management Association**

Acronym: **NCMA**

Committee Title:

Secretariat:

Contact: Kristin Dietz

Title: Vice President, Membership & Community

Address: 1818 Library Street

Suite 500

Reston, VA 20190

Phone: (571) 382-1117

Alternate Phone:

E-Mail: kristin.dietz@ncmahq.org

WWW URL: www.ncmahq.org

Accreditation Date: 04/20/2018

Scope: NCMA standards and other subject matter documents will reflect the combined knowledge of government and commercial buyers and sellers, as well as academicians, regulatory authorities, and consultants. They are intended to be applied by contract managers using the judgment required to adapt to any unique circumstances of the reader. Consequently, the NCMA standards program will provide guidance to the contract management profession without restricting technological advancement or freedom to operate.

Developer Name: **National Council for Prescription Drug Programs**

Acronym: **NCPDP**

Committee Title:

Secretariat:

Contact: Margaret Weiker

Title: Vice President, Standards Development

Address: 9240 East Raintree Drive

Scottsdale, AZ 85260

Phone: (480) 477-1000

Alternate Phone: (972) 955-1196

E-Mail: mweiker@ncdpd.org

WWW URL: www.ncdpd.org

Accreditation Date: 7/8/1996

Scope: The scope of the standards that NCPDP develops are those for information processing for the pharmacy sector of the health care industry

Developer Name: **National Electrical Contractors Association**

Acronym: **NECA**

Committee Title:

Secretariat:

Contact: Jeff Noren

Title: Manager, Codes and Standards

Address: 1201 Pennsylvania Avenue

Suite 1200

Washington, DC 20004

Phone: (202) 991-6321

Alternate Phone:

E-Mail: Jeff.Noren@NECAnet.org

WWW URL: www.neca-neis.org

Accreditation Date: 3/14/1996

Scope: NECA installation standards are recommended practices intended to establish a baseline level of quality for electrical construction. They are intended to define what is meant by a "neat and workmanlike installation". NECA installation standards are not mandatory electrical safety rules. The governing electrical safety requirements for electrical construction are contained in ANSI/NFPA 70, National Electrical Code (NEC). Nothing in NECA installation standards is intended to conflict with this standard. All recommended practices are intended to be in conformance with the edition of the NEC in effect at the time of publication. NECA installation standards are intended to provide advice and guidance only. Adherence to these recommendations is strictly voluntary. NECA installation standards are not intended to be adopted into law for regulatory use by jurisdictions

Accreditation Date: 8/20/1984

Scope: Standards for mechanical and electrical interchangeability, performance characteristics, and methods of test for ballasts and transformers for electric discharge lamps, and for the individual lamp transformers used to operate incandescent lamps or electric discharge lamps in regulated constant-current series lighting circuits. Excluded are those ballasts of transformers having open-circuit voltages of 2000 volts and above for high-voltage sign lighting, and the constant-current transformers that supply the electrical energy to series lighting circuits

Developer Name: **National Electrical Manufacturers Association**

Acronym: **NEMA (ASC C84)**

Committee Title: Preferred Voltage Rating for AC Systems and Equipment

Secretariat: National Electrical Manufacturers Association

Contact: Khaled Masri

Title: Program Manager

Address: 1300 North 17th Street

Rosslyn, VA 22209

Phone: (703) 841-3278

Alternate Phone:

E-Mail: Khaled.Masri@nema.org

WWW URL: www.nema.org

Accreditation Date: 8/20/1984

Scope: 1. To establish preferred voltage ratings, above 100 volts and through 230 KV nominal for AC systems and equipment. 2. To serve as the technical advisory group of the U.S. National Committee of the IEC on the matters to the work of the Technical Committee TC 8 of Standards Voltages, Current Ratings and Frequencies

Developer Name: **National Electrical Manufacturers Association**

Acronym: **NEMA (ASC ESS)**

Committee Title: Energy Storage Systems

Secretariat: National Electrical Manufacturers Association

Contact: Brian Marchionini

Title:

Address: 1300 N 17th St

Rosslyn, VA 22209

Phone: (703) 841-3279

Alternate Phone:

E-Mail: Brian.Marchionini@nema.org

WWW URL: www.nema.org

Accreditation Date: 07/23/2014

Scope: This committee will develop, write, document the criteria, and approve documents which detail the terminology, testing, measurement, and evaluation criteria with which to express the performance, planning and installation parameters, and safety and environmental requirements of energy storage systems. An energy storage system includes the storage device or medium and any power conversion systems and integral battery or energy management systems through the point of common coupling. The energy storage systems covered by the scope of this committee are fixed stationary and grid-connected applications. The tests, measurements, and evaluation criteria developed shall be applicable to more than one type or category of system or energy storage medium.

Developer Name: **National Electrical Manufacturers Association**

Accreditation Date: 12/12/2006

Scope: Ground rod electrodes, ground rod couplers and associated equipment

Developer Name: **National Electrical Manufacturers Association**

Acronym: **NEMA (ASC W1)**

Committee Title: Requirements for Apparatus Designed for Use in Arc Welding, Plasma Arc Cutting, and Allied Processes

Secretariat: National Electrical Manufacturers Association

Contact: Khaled Masri

Title:

Address: 1300 North 17th Street

Rosslyn, VA 22209

Phone: (703) 841-3278

Alternate Phone:

E-Mail: Khaled.Masri@nema.org

WWW URL: www.nema.org

Accreditation Date: 11/8/2005

Scope: Development of standards (and/or adoption of existing standards as American National Standards) addressing requirements concerning construction, performance, safety, testing, rating, and marking of any of the following apparatus designed for use in arc welding, plasma arc cutting, and allied processes: · Power sources, including those currently covered by the ANSI/UL 551 and ANSI/UL 60974-1 standards; · Liquid cooling systems; · Arc striking and stabilizing devices; · Wire feeders; · Torches; · Gas consoles; · Electrode holders; · Cable coupling devices. Marking requirements for apparatus, to include specification of graphic symbols and precautionary labels, also pertaining to packaging of consumable welding products.

Developer Name: **National Electrical Manufacturers Association**

Acronym: **NEMA (ASC Z535)**

Committee Title: Safety Signs and Colors

Secretariat: National Electrical Manufacturers Association

Contact: Paul Orr

Title: Program Manager

Address: 1300 North 17th Street

Suite 900

Rosslyn, VA 22209

Phone: (703) 841-3227

Alternate Phone:

E-Mail: Pau_orr@nema.org

WWW URL: www.nema.org

Accreditation Date: 6/26/1985

Scope: Standards for the design, application, and use of signs, colors, and symbols intended to identify and warn against specific hazards and for other accident prevention purposes

Developer Name: **National Emergency Number Association**

Acronym: **NENA**

Committee Title:

Secretariat:

Contact: Brandon Abley

Title: Director of Technology

Address: 1700 Diagonal Road

Suite 500

Alexandria, VA 22314

Phone: (202) 618-4401

Alternate Phone:

E-Mail: babley@nena.org

WWW URL: www.nena.org

Accreditation Date: 4/19/2013

Scope: The National Emergency Number Association (NENA) develops requirements, standards, specifications, recommended procedures, and information documents through the NENA Development Group (NDG) and its related committees and working groups. NENA also sponsors interoperability verification testing. This work supports 9-1-1 emergency call routing and data management. 9-1-1 service systems are comprised of transport networks, hardware, software, data, and, personnel, and operational policies and procedures that:

- A. enable processing of emergency calls from originating services including but not limited to providers of voice telephony, text messaging, data transmission, and multimedia transmission or streaming;
- B. provide standardized interfaces to originating service providers and/or network providers to support emergency communications; acquire and integrate emergency call data (including but not limited to caller location) useful to call routing and handling;
- C. deliver emergency calls, video, and data to the appropriate public safety answering point and/or other appropriate emergency entities; and
- D. answer, process, and support emergency calls.

Parts of NENA's development work concern standards, procedures, and practices for the management of databases which control software functions, procedures for overall system management, and guidelines for the maintenance and evolution of systems intended to ensure emergency service quality and consistency.

NENA's interest in ANSI accreditation is specific to 9-1-1 service systems and their design, deployment, maintenance, operation, and upgrade. NENA's ANSI standards scope starts at the point an originating service provider interfaces to the 9-1-1 system, encompasses the above areas, and ends at the point where the call, message, and/or data has been interpreted and processed by public safety call taking functions,

and/or interconnected to other emergency entities (such as trauma centers, hospitals, sensor monitoring centers, etc.).

Developer Name: **National Environmental Balancing Bureau**

Acronym: **NEBB**

Committee Title:

Secretariat:

Contact: Tiffany Suite

Title: NEBB | Executive Vice President

Address: 8575 Grovemont Circle

Gaithersburg, MD 20877

Phone: (301) 591-0484

Alternate Phone:

E-Mail: tiffany@nebb.org

WWW URL: www.nebb.org

Accreditation Date: 04/13/2015

Scope: Standards that help optimize building performance, including Building Enclosure Testing, Building Systems Commissioning (for new and existing buildings), Cleanroom Performance Testing, Fume Hood Testing, Sound Measurement, Vibration Measurement, Testing, Adjusting and Balancing of HVAC Systems. NEBB is seeking accreditation for development of these and other standards related to optimizing building performance.

Developer Name: **National Fenestration Rating Council**

Acronym: **NFRC**

Committee Title:

Secretariat:

Contact: Jen Padgett

Title: NFRC Programs Administrator

Address: 6305 Ivy Lane

Suite 140

Greenbelt, MD 20770

Phone: (301) 589-1776

Alternate Phone: (240) 821-9515

E-Mail: jpadgett@nfr.org

WWW URL: www.nfrc.org

Accreditation Date: 11/4/2009

Scope: The National Fenestration Rating Council (NFRC) develops and administers a fenestration (window, door, and skylight) energy rating system. Two primary documents that govern that process, NFRC 100 – Procedure for Determining Fenestration Product U-Factors and NFRC 200 – Procedure for Determining Fenestration Product Solar Heat Gain Coefficient and Visible Transmittance at Normal Incidence. NFRC will seek approval of these two standards once it is established as an ANSI Accredited Standards Developer (ASD). NFRC may also seek approval of NFRC 400 – Procedure for Determining Fenestration Product Air Leakage.

Developer Name: **National Fire Protection Association**

Accreditation Date: 7/9/1987

Scope: To develop voluntary, consensus technical standards relevant to information systems; products, including hardware and supplies; and services, as they relate to libraries, bibliographic and information services, and publishing

Developer Name: **National Infusion Center Association**

Acronym: **NICA**

Committee Title:

Secretariat:

Contact: Kaitey Morgan

Title: RN, BSN, CRNI, Chief Medical Officer

Address: 3307 Northland Drive

Suite 160

Austin, TX 78731

Phone: (512) 761-7870

Alternate Phone:

E-Mail: kaitey.morgan@infusioncenter.org

WWW URL: <https://infusioncenter.org/>

Accreditation Date: 3/8/2021

Scope: The National Infusion Center Association (NICA) is a trade association dedicated to representing the interests of office-based outpatient care settings where infusible and/or injectable biologics and specialty medications are prepared and administered. This treatment modality is colloquially referred to simply as “infusion” or “infusion therapy” and the aforementioned care settings are often called “infusion centers;” however, NICA Standards are intended to apply to all ambulatory care settings where patients receive non-hazardous* provider-administered medications via parenteral (i.e. intravenous, intramuscular, subcutaneous or intradermal) routes. With the emergence of novel treatment modalities, standards may also be applicable to medications administered by healthcare providers via additional routes (ex. nasal spray).

Committee Title:

Secretariat:

Contact: Mark Oslund

Title: Director of Standards

Address: 846 Ritchie Highway

Suite L4

Severna Park, MD 21146

Phone: (410) 975-9425

Alternate Phone:

E-Mail: moslund@nmea.org

WWW URL: www.nmea.org

Accreditation Date: 6/24/2009

Scope: National Marine Electronics Association (NMEA) is a 50 year old membership driven association. The association began with marine electronic dealers collaborating to trade information, technical installation techniques and to discuss new and innovative technical products. Now, NMEA has over 500 members worldwide comprised of diverse stakeholders directly and indirectly involved in marine electronics. This diverse group includes marine electronic dealers/retailers, marine industry distributors, manufacturers, boat builders, trade, government entities and associates of the marine electronics industry. The National Marine Electronics Association is the unifying force behind the entire marine electronics industry worldwide, bringing together all aspects of the industry for the manufacture and operational safety of electronics devices for the boating public both recreationally and commercially with the creation, production and distribution of international communication standards and installation standards. NMEA further enhances the industry with educational programming for the trade and opportunities for the boating public. The NMEA develops voluntary industry standards recommending technical installation practices, communication protocols of marine electronic devices and educational materials which ultimately provide a high level of safety to the boating consumer in the recreational and commercial markets, worldwide. NMEA Standards are designed to establish a minimum level of quality for marine electronic devices on vessels.

Developer Name: **National Operating Committee on Standards for Athletic Equipment**

Acronym: **NOCSAE**

Secretariat:

Contact: Michelle Hayes

Title: Industry Standards Specialist

Address: 2551 Lake Road

Ontario, NY 14519

Phone: (585) 281-2265

Alternate Phone: (315) 228-0855

E-Mail: michelle@brakemarketing.com

WWW URL: www.pearl1.org

Accreditation Date: 8/9/2013

Scope: PEARL develops voluntary Reconditioning Standards covering the reconditioning practices for electrical products and systems. These practices supplement and illustrate the requirements contained in ANSI/NFPA 70B, ANSI/NFPA 70E, ANSI/NETA MTS-2011, National Electrical Code, and ANSI/IEEE C2, National Electrical Safety Code, manufacturers' operations and maintenance publications and is not intended to replace any of those requirements.

PEARL Reconditioning Standards are intended to establish a minimum work scope for the reconditioning of electrical products and systems, to extend the service life and reliability of the product and to confirm that they are safe for their intended use. PEARL Reconditioning Standards are written to provide guidance and testing procedures for qualified and trained personnel to ensure electrical products are returned to a safe and reliable operating condition.

WWW URL:

Accreditation Date: 11/3/2008

Scope: Establishment of minimum requirements for recreational off-highway vehicles (ROVs) as defined herein. These vehicles are intended by the manufacturers primarily for recreational use by one or more persons and may have secondary general utility applications. The related proposed standard will address design, configuration and performance aspects of ROVs, including among other items, requirements for mechanical suspension; accelerator, clutch and gearshift controls; engine controls; lighting; tires; service and parking brake/mechanism performance; lateral and pitch stability; occupant handholds and occupant protection systems; and requirements for permanent safety labels and owner's manual. The proposed standard will require manufacturers of conforming ROVs to affix a certification label to the ROV.

Alternate Phone:

E-Mail: mhines@resolve.ngo

WWW URL: www.resolve.ngo

Accreditation Date: 4/13/2023

Scope: Resolve is a Washington, DC-based non-profit that specializes in creating innovative partnerships to solve critical health and environmental challenges. In 2019, RESOLVE launched PR3, a public-private partnership that develops standards for reusable packaging systems and promotes shared, interoperable reuse infrastructure.

PR3 standards cover the design and operation of reusable packaging systems. They set parameters for:

- *the design of products and components in a reuse system, such as packaging containers, collection machines, labels and other equipment;
- *the safe and efficient handling of packaging and packaged products throughout a reuse system; and
- *tracking and reporting system performance, such as average number of users per container and average return rates of containers.

Alternate Phone: (781) 647-7004

E-Mail: info@spri.org

WWW URL: www.spri.org

Accreditation Date: 6/10/1994

Scope: Test procedures for evaluating performance of systems and products associated with the use of prefabricated sheet membrane roofing materials

Developer Name: **Snow and Ice Management Association**

Acronym: **SIMA**

Committee Title:

Secretariat:

Contact: Martin Tirado

Title: Chief Executive Officer

Address: 10140 N. Port Washington Road

Milwaukee, WI 53092

Phone: (414) 375-1940

Alternate Phone:

E-Mail: martin@sima.org

WWW URL: <http://www.sima.org>

Accreditation Date: 08/01/2018

Scope: The mission of the Snow & Ice Management Association (SIMA) is empowering snow and ice management professionals for success. Development of ANSI recognized standards will enable social, economic, and environmental guidelines of policy and practice for: 1) Delivery of safe and cost-efficient winter management operations and service verification; 2) Continuation of emergency services, commerce, public, and social activities; 3) Environmentally responsible awareness and use of salt and other anti-icing and de-icing products, as recent research has confirmed such snow and ice melt products can contribute to chloride pollution of freshwater.

Sustainable winter management operations are accomplished by standards that are easily understood and readily adopted - by property managers, facility managers, and the diverse array of property owners - in order to provide safe and clear passage in parking lots, pedestrian walkways and access routes, and other areas used by the public.

During snow and ice storms, the public assumes varied levels of continuation in their lives including safe and clear passage of their means for transportation. Formal standards will provide the necessary third-party credibility for establishing guidelines of policy that define levels of service (LOS) for clients (facilities/properties), and standards of practice for snow management industry personnel.

Expected results: ANSI standards will enable increased confidence by property managers, facility managers and the general public who are seeking, qualifying, and hiring winter management professionals, increasing safety and reducing winter-related outdoor slip and fall risk and accidents.

SIMA's intended scope of standards development activities will include and are not limited to:

- 1) Economic standards of policy and practice including: a) requests for proposals (RFPs) and contractual terms of agreement between the buyers and service providers in the industry.
 - 2) Social standards of policy and practice including: a) guidelines for defining scope of work (SOW); b) level(s) of service (LOS); c) liability and risk assessment.
-

Developer Name: **Society for Laboratory Automation and Screening**

Committee Title:

Secretariat:

Contact: Thomas Sputo

Title: Technical Director

Address: 1731 NW 6th Street

Suite D

Gainesville, FL 32609

Phone: (352) 378-0448

Alternate Phone:

E-Mail: tsputo50@gmail.com

WWW URL: www.sdi.org

Accreditation Date: 2/11/2003

Scope: The Steel Deck Institute (SDI) was incorporated in 1939 as a not for profit trade organization representing manufacturers of steel decks and products used in conjunction with steel deck. The SDI has provided uniform industry standards for the engineering, design, manufacture and field usage of steel roof decks, composite floor decks, and form decks. As developments in steel products, steel manufacturing, steel design, and building methods have occurred, the SDI has continually revised and upgraded its standards as necessary. Continuing SDI functions include preparation, review, and distribution of literature, referral of inquiries to appropriate sources, coordination of research and testing, and liaison with other construction industry associations on matters of common interest. The Institute has been a major source of information and standards to the design community for their use in the preparation of project specifications and plans for the use of steel deck in construction. As an ANSI Accredited Standards Developer, SDI submits specifications and commentary for composite steel floor deck, non-composite steel floor deck (form deck), and steel roof deck as standards, and for structural members cold-formed to shape from carbon or low alloy steels.

NOTE: The addition of "structural members cold-formed to shape from carbon or low alloy steels" is intended to accommodate the temporary responsibility for standards transferred from the American Iron and Steel Institute (AISI) to the SDI in December 2023. At such time as these AISI Standards are transferred to a new permanent standards developer, requirements related to this added scope will be removed.

Florence, SC 29501

Phone: (843) 407-4091

Alternate Phone:

E-Mail: kcharles@steeljoist.org

WWW URL: www.steeljoist.org

Accreditation Date: 11/5/1996

Scope: The Steel Joist Institute was incorporated in 1928 as a not for profit trade organization representing manufacturers of open web steel joists. The SJI has operated continually since its inception; it is a world wide organization and is the only organization representing the steel joist industry. For more than 95 years of existence, the Institute has developed standards for product design and use, and performed extensive clinical and field research. The Institute continuously monitors these standards, reviewing them in light of new developments in steel products, steel manufacturing, steel design, and building methods.

Consequently, continual upgrading is mandatory; the SJI has done this, and continues to oversee this function. The Institute also works closely with federal, state and local governments; works with and is recognized by the three major Building codes; and provides technical assistance on a daily basis for the design professional.

Accreditation Date: 11/7/1988

Scope: Safety requirements for commercial laundry and drycleaning equipment and operations

Developer Name: **The Door and Hardware Institute**

Acronym: **DHI**

Committee Title:

Secretariat:

Contact: Tom Seidel

Title: Director of Technical Activities

Address: 2001 K Street NW

3rd Floor North

Washington, DC 20006

Phone: (202) 367-2396 2396

Alternate Phone: (814) 931-5436

E-Mail: tseidel@dhi.org

WWW URL: <https://www.dhi.org>

Accreditation Date: 2/11/2025

Scope: The scope of standards development by DHI will include a guideline consisting of three levels of recommended security aspects on openings that are intended for public use to help educate and provide advice on furnishing the necessary attributes to achieve a secure opening on any project, new or existing. These levels are meant to Deter, Detect and Delay adversarial behavior to allow time for emergency response personnel.

Developer Name: **The Institute of Inspection, Cleaning and Restoration Certification**

Acronym: **IICRC**

Committee Title:

Secretariat:

Contact: Mili Washington

Title: Standards Director

Address: 4043 S Eastern Ave.,

Las Vegas, NV 89119

Phone: (702) 430-9829

Alternate Phone:

E-Mail: mwashington@iicrcnet.org

WWW URL: <https://www.iicrc.org>

Accreditation Date: 9/30/2005

Scope: The IICRC is engaged in the development of standards in the cleaning, restoration, remediation and inspection industry, primarily involving floor coverings and surfaces of all types (e.g. carpet, rugs, ceramic tile, marble, stone, concrete), upholstery and fabrics, personal property, and structures. Restoration standard development includes water, fire and smoke damage restoration of structures and contents. Remediation standard development includes mold remediation of structures and contents. It is anticipated that IICRC standard development activities will continue to expand into other segments of the cleaning, restoration, remediation and inspection industry, particularly those involving the indoor environment, or into related fields and industries..

Developer Name: **The Laser Institute**

Acronym: **LIA (Z136 SDC)**

WWW URL: www.laserinstitute.org

Accreditation Date: 2/14/1985

Scope: Protection against hazards which are created by the use of lasers and optically radiating diodes

Developer Name: **The Masonry Society**

Acronym: **TMS**

Committee Title:

Secretariat:

Contact: Ann Guiberson

Title: Executive Director

Address: 105 South Sunset Street

Suite Q

Longmont, CO 80501-6172

Phone: (303) 939-9700

Alternate Phone:

E-Mail: aguiberson@masonrysociety.org

WWW URL: www.masonrysociety.org

Accreditation Date: 6/11/2004

Scope: The Masonry Society (TMS) is a Not-for-Profit (501c(3)) educational society dedicated to the advancement of knowledge of masonry. TMS develops standards for the design, specification, construction, evaluation, repair, and renovation of masonry as sole sponsor or jointly with other organizations that are ANSI Accredited Standards Developers. The scopes of TMS standards are described below.

- *Building Code Requirements for Masonry Structures* (TMS 402 and prior to 2013, developed jointly as the Masonry Standards Joint Committee (MSJC) and designated as ACI 530/ASCE 5/TMS 402). Scope: This Code provides minimum requirements for the structural design and construction of masonry elements consisting of masonry bedded in mortar in any structure erected under the requirements of a legally adopted general building code of which this Code forms a part in areas without a legally adopted building code, this Code defines minimum acceptable standards of design and construction practice.

- *Specification for Masonry Structures* (TMS 602 and prior to 2013, developed jointly as the Masonry Standards Joint Committee (MSJC) and designated as ACI 530.1/ASCE 6/TMS 602) Scope: This Specification is written as a master specification and is required by the Building Code Requirements for Masonry Structures to control materials, labor and construction. It contains the minimum requirements to ensure the structural integrity of the masonry.

- *Code Requirements for Determining Fire Resistance of Concrete and Masonry Construction Assemblies* (ACI/TMS 216.1 and formerly developed as and ANS) Scope: This standard describes acceptable methods for determining the fire resistance of concrete and masonry assemblies including walls, floors and roof slabs, beams, columns, lintels, and masonry fire protection for structural steel columns.

- *Standard Method for Determining the Sound Transmission Rating for Masonry Assemblies* (TMS 302) Scope: This Standard provides minimum requirements for rating masonry walls for sound transmission class (STC) and outdoor-indoor transmission class (OITC) based on testing calibrated calculation procedures. Topics covered include reference standards, definitions and notations, materials, construction, and methods to STC and OITC rating for concrete masonry and clay masonry assemblies.

•*Direct Design Handbook for Masonry Structures* (TMS 403-17). Scope: This Handbook provides a direct procedure for the structural design of reinforced concrete masonry and clay masonry structures. The procedure is based on the strength design provisions of TMS 402-13/ACI 530-13/ASCE 5-13 Building Code Requirements for Masonry Structures and ASCE 7-10 Minimum Design Loads for Buildings and Other Structures. The document is applicable to both residential and commercial structures. This Handbook was developed as a consensus standard and written in

Developer Name: **The Monitoring Association**

Acronym: **TMA**

Committee Title:

Secretariat:

Contact: Bryan Ginn

Title: ASAP/IS Manager

Address: 7918 Jones Branch Drive

Suite 510

McLean, VA 22102

Phone: (703) 242-4670

Alternate Phone: (703) 660-4919

E-Mail: bginn@tma.us

WWW URL: www.tma.us

Accreditation Date: 11/20/2003

Scope: To produce standards for the manufacturers, distributors, and system integrators/service providers of electronic and physical security equipment. Standards activities shall relate to the design, production, installation, monitoring, maintenance, and other treatments or aspects of electronic and physical security equipment, including alarm and non-alarm equipment, such as law enforcement response and telecommunications signaling utilizing the public switched network

E-Mail: jerry.parr@nelac-institute.org

WWW URL: www.NELAC-Institute.org

Accreditation Date: 11/17/2005

Scope: Standards for the accreditation of environmental laboratories.

Developer Name: **The Vision Council**

Acronym: **TVC (ASC Z80)**

Committee Title: Ophthalmic Standards

Secretariat: The Vision Council

Contact: Michael Vitale

Title: Technical Director & Lens Division Liaison

Address: 225 Reinekers Lane

Suite 700

Alexandria, VA 22314

Phone: (703) 548-2684

Alternate Phone: (682) 300-9458

E-Mail: mvitale@thevisioncouncil.org

WWW URL: www.z80asc.com

Accreditation Date: 5/21/1985

Scope: The establishment of standards that shall apply to ophthalmic lenses and to equipment, instruments and to processes used in the final fabrication level which affect their performance; to ophthalmic frames, sunglasses, and fashion eyewear; to contact lenses and accessories for their use; to intraocular implant lenses; to low vision aids and ophthalmic contact devices in addition to contact lenses; and to optical instrumentation used in ophthalmic procedures and vision evaluation. Standards established by this Committee do not apply to industrial safety devices, or to procedures used in clinical ophthalmic examinations

Developer Name: **Tile Council of North America**

Acronym: **TCNA (ASC A108)**

Committee Title: Accredited Standards Committee on Ceramic, Glass, Stone, and Other Hard Surfaces used in Flooring, Wall Coverings, Countertops, and Related Installation Materials

Secretariat: Tile Council of North America

Contact: Katelyn Simpson

Title: Industry Relations

Address: 100 Clemson Research Blvd.

Anderson, SC 29625

Phone: (864) 646-8453

Alternate Phone:

E-Mail: ksimpson@tcnatile.com

WWW URL: www.tcnatile.com

Accreditation Date: 6/22/1984

Scope: The scope of ASC A108 is to develop standards which define the installation of ceramic, glass, stone, and other hard surface tiles and panels as well as the test methods and physical properties for ceramic, glass, stone, and other hard surface flooring and, wall covering, and countertop materials, and related installation materials. These are voluntary standards which are intended to serve as a guide to the general public, manufacturers, distributors, contractors, and others.

E-Mail: rrouse@tcia.org

WWW URL: www.treecareindustry.org

Accreditation Date: 6/28/1991

Scope: The scope of the committee is to develop standards that would encompass, but not be limited to pruning, cabling, bracing, guying, fertilizing, and lightning protection installation for shade trees and hydraulic operation

Developer Name: **Truss Plate Institute**

Acronym: **TPI**

Committee Title:

Secretariat:

Contact: Jay Jones

Title: Executive Director

Address: 2670 Crain Highway

Suite 203

Waldorf, MD 20601

Phone: (240) 587-5582

Alternate Phone:

E-Mail: jjones@tpinst.org

WWW URL: www.tpinst.org

Accreditation Date: 7/9/1992

Scope: The Truss Plate Institute (TPI) is a n-f-p association of manufacturers actively engaged in the production of structural metal connector plates for the wood truss industry, individual or firms engaged in related activities. The TPI was organized in 1961 for the purpose of maintain industry on a sound engineering basis. To accomplish its purpose, the Institute establishes methods of design and construction for wood trusses using metal connector plates, supports and disseminates test and research data, assists in the development of proper building code regulations, recommends quality control standards, and distributes information on the use of metal plate connected wood trusses in the interest of public safety. The Truss Plate Institute (TPI) provides the state-of-the-art standards on metal plate connected wood truss design and construction utilizing allowable stress design, load resistance factor design, and reliability based design methodologies. TPI consensus-based project committees developed mandatory metal connector plate test and evaluation procedures, design data for lumber and truss connections, truss lumber and joint design criteria, truss and joint manufacturing tolerances, truss installation tolerances, and full scale (destructive and non-destructive) truss test and evaluation procedures. In addition, TPI consensus standards are developed in accordance with ANSI procedures for coordination and development of American National Standards

Developer Name: **U.S. Green Building Council**

Acronym: **USGBC**

Committee Title:

Secretariat:

Contact: Jennifer Druliner

Title: Director, Governance

Address: 1800 Massachusetts Avenue, NW

Suite 300

Washington, DC 20036

Phone: (202) 828-1133

Alternate Phone:

E-Mail: jdruliner@usgbc.org

WWW URL:

Accreditation Date: 11/14/2006

Scope: Over the course of the past decade, USGBC has employed a consensus-based process to develop the Leadership in Energy and Environmental Design Green Building Rating Systems (“LEED®”). LEED® green building rating systems are designed to accelerate the development and implementation of sustainable building practices. LEED rating systems have been developed for use with new construction, existing buildings, and commercial interiors, and LEED rating systems are under development for use with homes, core and shell, and neighborhood development. It should be emphasized that the LEED rating systems do not purport to be “standards” that will be met by all buildings in the U.S. Instead, they provide a sound and certifiable basis for identifying buildings that represent leadership in use of sustainable building practices and design. Moreover, the rating systems are designed to provide flexibility to the users, allowing users to qualify for LEED ratings by selecting among many different combinations of credits under the rating system.

Developer Name: **U.S. Tire Manufacturers Association**

Acronym: **USTMA**

Committee Title:

Secretariat:

Contact: Julian Hong
