Healthcare Information Technology Standards Panel

Report from the CCHIT-HITSP Joint Working Group

Reston, VA | February 20, 2009

Presented by:

Jamie Ferguson, JWG Co-chair

CCHIT-HITSP Joint Working Group Membership

□ CCHIT

- David Tao,
CCHIT JWG Chair
- Khalid Al-Maskari
- Reid Coleman
- Margaret Suddards
- Alan Zuckerman
- Amit Trevedi, CCHIT staff

□ HITSP

- Jamie Ferguson,
HITSP JWG Chair
- Eileen Koski
- John Madden
- Charles Parisot
- Lyle Schofield
- Ed Larsen, HITSP staff

Report from the CCHIT-HITSP Joint Working Group

- Draft Crosswalk of HITSP Interoperability Constructs In CCHIT Certification Programs**
 - Thanks and recognition to David Tao for initial drafting**
 - By actor, e.g. for an EHR system, crosswalk shows current and planned certification testing of HITSP constructs**
 - Started with IS-02 for Inpatient and Ambulatory Certification in 2008 and 2009**
 - In the process of extending analysis to roadmaps and all IS**
 - In the process of extending analysis to all certification programs, e.g. including PHR and HIE certification plans and roadmaps**

Report from the CCHIT-HITSP Joint Working Group

□ Work In Process Based on Crosswalk Review

- Highlight and discuss where no certification plans exist yet for relevant HITSP constructs
- Identify HITSP constructs that could be certified once to apply to all use cases, versus those that are IS-specific
 - e.g., T23 Patient Demographics Consumer may be tested once to apply equally to all use cases
 - e.g., C32 Content Creator may be tested separately for the unique information content of each use case
- Considerations for potential CCHIT “Advanced Interoperability” certification program

Report from the CCHIT-HITSP Joint Working Group

□ IS03 Sample, Extracted From Draft Crosswalk

Business Actor	Technical Actor(s)	Actor Optionality	CCHIT Amb	CCHIT Inpt	Construct	Transaction/Content	T/C Optionality
Electronic Health Record (EHR) System	Patient Identity Source	C [101]	2009	2009	HITSP/TP22	Patient Identity Feed	R
	PIX Consumer	C [101]	2009	2009	HITSP/TP22	PIX Query	R
						PIX Update Notification	O
	Patient Demographics Consumer	C [101]	2009	2009	HITSP/T23	Patient Demographics Query	R
	Document Source	R	2009	2009	HITSP/TP13	Provide & Register Document Set-b	R
	Document Consumer	R	2009	2009	HITSP/TP13	Registry Stored Query	R
						Retrieve Documents	R
	Document Repository	O	Not Req'd	Not Req'd	HITSP/TP13	Retrieve Document	R
						Retrieve Documents Set-b	R
						Provide & Register Document Set-b	R
	Content Creator	R	2008+	2008+	HITSP/C.32	Creator-Registration Subset (see Section 3.2.3.1)	C [201]
						Creator-Registration-Coded Subset (see Section 3.2.3.2)	C [201]
						Creator-Medication and Immunization History Subset (see Section 3.2.3.3)	C [201]

Report from the CCHIT-HITSP Joint Working Group

□ Additional JWG discussion Items

- Additional leadership coordination by joint meetings of all interested chairs of CCHIT workgroups and HITSP committees
 - Initial meeting time expected within 60 days
- Coordinate additional HITSP support of CCHIT certification of discrete data import from CDA documents for 2010 testing
- Analysis of opportunities for collaboration for certification of new gaps, extensions and use cases
