HiTSP

Healthcare Information Technology Standards Panel

Approved Motions from the HITSP Panel Meeting, December 18, 2008

Arlington, VA | 18 December 2008

MOTION - Biosurveillance Interoperability Specification

❑ HITSP approved the Biosurveillance Interoperability Specification (HITSP/IS02) and associated constructs.

❑ **APPROVED** – No Objections.

MOTION - Consumer Empowerment Interoperability Specification

❑ HITSP approved the Consumer Empowerment and Access to Clinical Information via Networks Interoperability Specification (HITSP/IS03) and associated constructs.

❑ **APPROVED** – No Objections.

MOTION - Emergency Responder Electronic Health Record Interoperability Specification

❏ HITSP approved the Emergency Responder Electronic Health Record Interoperability Specification (HITSP/IS04) and associated constructs.

❏ **APPROVED** – No Objections.

MOTION - Consumer Empowerment Interoperability Specification

❑ HITSP approved the Consumer Empowerment and Access to Clinical Information via Media Interoperability Specification (HITSP/IS05) and associated constructs.

❑ **APPROVED** – No Objections.

MOTION - Personalized Healthcare Interoperability Specification

❑ HITSP approved the Personalized Healthcare Interoperability Specification (HITSP/IS08) and associated constructs.

❑ **APPROVED** – No Objections.

MOTION - Consultations and Transfers of Care Interoperability Specification

❑ HITSP approved the Consultations and Transfers of Care Interoperability Specification (HITSP/IS09) and associated constructs.

❑ **APPROVED** – No Objections.

MOTION - Immunizations and Response Management Interoperability Specification

❑HITSP approved the Immunizations and Response Management Interoperability Specification (HITSP/IS10) and associated constructs.

❑**APPROVED** – No Objections.

MOTION - Public Health Case Reporting Interoperability Specification

❑ HITSP approved the Public Health Case Reporting Interoperability Specification (HITSP/IS11) and associated constructs.

❑ **APPROVED** – No Objections.

MOTION - Patient-Provider Secure Messaging Interoperability Specification

❑ HITSP approved the Patient-Provider Secure Messaging Interoperability Specification (HITSP/IS12) and associated constructs.

❑ **APPROVED** – No Objections.

MOTION - Remote Monitoring Interoperability Specification

❑ HITSP approved the Remote Monitoring Interoperability Specification (HITSP/IS77) and associated constructs.

❑ **APPROVED** – No Objections.

  – 1 ABSTENTION (IEEE-SA)

MOTION - Technical Note for Clinical Documents

❑HITSP approved the Technical Note for Clinical Documents (HITSP/TN901)

❑**APPROVED** – No Objections.
