Dear IEC Young Professionals Program Evaluation Committee,

I am writing to recommend Anna Roessing-Zewe for the IEC Young Professionals Program. As a Standards Technical Committee Chair at UL Standards & Engagement (ULSE) and a Professional Engineer, I have had the privilege of witnessing Anna's exceptional expertise, unwavering dedication, and fervent passion for the development of standards and the enhancement of safety in building and life safety technologies.

Anna's educational background, with a Master's degree in Microbiology and Immunology and previous experience as a Researcher, is not just a testament to her academic prowess, but also a key factor in her professional success. Her comprehensive understanding and application of knowledge, coupled with her dedication, are evident in her impressive academic credentials and her profound impact on our standards development projects and initiatives.

Furthermore, Anna's transition to her current role as a Senior Standards Project Specialist was seamless due to her exceptional project management, technical writing, and teamwork skills, which she adeptly transferred from her previous experiences. Her ability to effectively manage projects, communicate complex technical information, and collaborate within stakeholder settings has been instrumental in the success of our initiatives. These transferable skills, combined with her integrity and technical knowledge, not only contributed to our success in numerous projects but also made her an ideal candidate for the IEC Young Professionals Program.

I am confident that Anna's unique blend of expertise, dedication, and passion will make her an invaluable asset to the IEC Young Professionals Program. Her potential to significantly contribute to its objectives is undeniable. Please feel free to contact me if you require further information or clarification regarding Anna's qualifications and achievements.

Sincerely,

Felipe Luz, Ph.D., P. Eng.
