### **SMB Decision 168/5 – ahG 84 *Sustainable Development Goals***

SMB thanked Vimal Mahendru for his presentation and congratulated ahG 84 for the work accomplished.

SMB noted that all recommendations from ahG 84 had been approved and asked ahG 84 to address the comments made in document SMB/7027A/RV. SMB further requested Central Office to implement the recommendations appropriately.

As ahG 84 will continue to work until Council Board decides on the future work related to SDGs, SMB asked ahG 84 to support the transition to Council Board ownership. ahG 84 will be disbanded once the transition is completed.

### **SMB Decision 168/6 – ahG 85 *IEC Secretariats***

SMB thanked Miguel Ángel Aranda Gómez and Lynne Gibbens for their presentation and noted that all recommendations from ahG 85 had been approved.

SMB confirmed that the Technical Officers are responsible for identifying and raising issues occurring with Secretariats, based on the Directives, after necessary consultations with the TC/SC/SyC leadership and the National Committee holding the Secretariat. When such issues are reported, SMB will deal with them on a case by case basis.

SMB requested DMT to include a concise description of Assistant Secretary, taking into account the comments made by SMB members, in particular the recommendations such as considering gender and geographical diversity.

SMB also agreed to include the criteria and process for the allocation of Secretariats when two or more National Committees have expressed their interest into the SMB document for rules and procedures, with all relevant details there.

SMB further noted that no consensus could be found on introducing terms of office for Secretariats and decided to keep the current practice as laid out in the Directives.

SMB thanked ahG 85 for its work and disbanded it.

### **SMB Decision 168/7 – ahG 86 *Future of Digital Transformation including system approaches***

SMB thanked Ralph Sporer for his update on the work of ahG 86.

SMB noted that the draft IEC Digital Transformation vision and strategy document had been approved and asks ahG 86 to address the comments made by SMB members.

SMB asks Council Board to review and approve the Digital Transformation vision and strategy document. SMB asks Council Board to consider the Digital Transformation vision and strategy document developed by SMB as the base for conversion into an IEC wide strategy and subsequent implementation.

### **SMB Decision 168/8 – SG 11 *Hot Topic Radar***

SMB thanked Emmanuel Petit for his update on SG 11 activities and looked forward to a more thorough discussion at the next SMB meeting.
