Just some minor nits...

Page 1 of document/Page 2 of PDF – Because they are striking the first footnote, the footnotes that follow need to be renumbered (e.g. “2” is now “1”).

Line 38: Remove the comma after “disclosed”.

Page 2 of document/Page 3 of PDF – The footnote has an item that is struck. Need to re-label the content that follows.

Page 3 of document/Page 4 of PDF - The section 2.5.1 is missing the term “System” (i.e. should be “Project Initiation Notification **System** (PINS)”)

Line 139: Remove the comma after “developer”.

Thanks !
