Good afternoon –

Thank you for submitting public comments in response to the ANSI Executive Standards Council’s (ExSC) third public announcement of a proposed revision to section 3.2 *Commercial terms and conditions* of the *ANSI Essential Requirements: Due process requirements for American National Standards* (www.ansi.org/essentialrequirements). The ExSC considered all public comments received and made several edits, approving the attached final version which will now be submitted to the Executive Committee of the ANSI Board of Directors for final approval.

With respect to your specific proposal (attached), the ExSC appreciates your proposed edits but does not agree that they are necessary. The ExSC reiterates its prior response (attached), which is considered public information: “contract negotiations” is understood to be covered by “contractual requirements” and so does not need to be called out expressly.

Again, thank you for your comments.

Sincerely,
Anne
