2. <u>Joint Committee Responsibilities</u>

Your responsibilities as a JC member will include:

• reviewing and voting on new Standards or proposed revisions to existing Standards,
• ensuring public health, safety, and environmental issues are properly addressed in the Standard,
• identifying research on issues affecting standards,
• identifying new areas for standards development,
• providing technical guidance to NSF on related issues,
• attending Joint Committee meetings once or twice annually, depending on need (1-2 days each), and
• volunteering to participate on Task Groups as needed.

Joint Committee members are requested to serve a minimum three-year term.

A member may be terminated if:

- a three-year term has been completed; or
- he/she has not returned two consecutive ballots, and
- he/she missed two consecutive meetings.

3.   <u>Interest Category</u> (Please check the appropriate box.)

Note: If you fall under more than one interest cateogory, please select the interest cateogory that you wish to represent on the Committee. (Further delineation of the various interest cateogories you may represent can be provided under Section 4.)

☐   **Public Health and Safety/Regulatory:** A member who is from a public agency (local, regional, state, Federal, or international) or representing a professional public/environmental health/safety organization, academia, or a model code organization.

☐   **Industry:** A member who produces, assembles, distributes, or sells materials, products, systems, or services covered in the scope of the standard. Industry trade association representatives are included in this membership classification.

☐   **User/Consumer:** A member who purchases, uses, distributes, or specifies materials, products, systems, or services covered in the scope of the standard. Representatives of user/consumer associations, third-party product certifiers/testing laboratories, and standards developers are included in this memership classification.

4. <u>General Information</u> (Please check the box(es) that best describes your representation on the JC.)

<u>Public Health/Regulatory:</u>

□ Public agency having regulatory authority for products in this Standard.
□ Professional public/environmental health/safety organization
□ Academia
□ Model code organization

<u>Industry</u>:

□ Manufacturer of products and/or components covered by this Standard
□ Trade Association

<u>Users:</u>

□ Consumer/consumer organization
□ Distributor/Retailer
□ User of products or systems covered by this Standard
□ Specifier or procurement professional
□ Certification organization or test laboratory

5. <u>Standards Experience</u>

Other standards activities: _____
                                   _____
                                   _____
                                   _____

Please attach a brief biographical outline providing your education and work related experience associated with the scope of the Joint Committee.

6. Joint Committee Membership

Membership on a Joint Committee is offered in accordance with NSF's ANSI Approved Policies, including the requirement that the Committee represent a balance of interests. If you are qualified for voting membership, but membership in your sector is currently unavailable, are you interested in being placed on a waiting list?

□ Yes, I would like my name placed on a waiting list.
□ No, I prefer that my name not be included on a waiting list.

I understand that my contribution as a member of the Joint Committee on Green Chemistry may by used to improve or develop NSF Standards and acknowledge that all rights, title, and interests in NSF Standards and the contribution of the Joint Committee are the sole property of NSF. I further acknowledge and agree to the responsibilities and terms outlined in Section 2 of this application.
