GLOBALCHEM

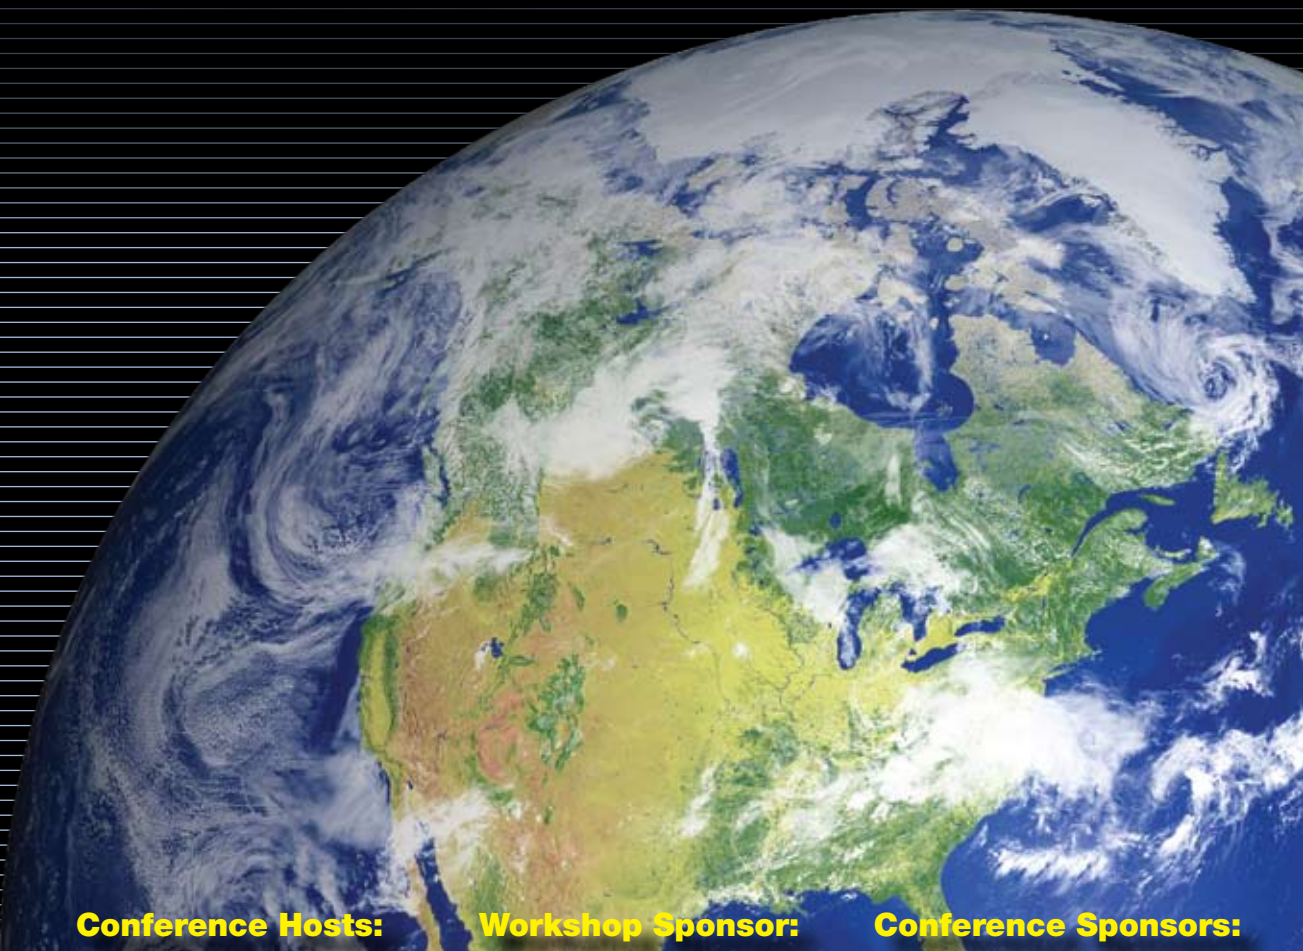

Global Chemical Regulations Conference

Optional Workshop:

TSCA Fundamentals
and IUR Special Session
Monday, March 21, 2011

March 21-23, 2011

**Baltimore, Maryland
Hilton Baltimore**

Conference Hosts:

Workshop Sponsor:

Why Should You Attend?

For over 20 years, this annual event has provided a unique educational opportunity for chemical industry professionals. GlobalChem 2011 is no exception as interactive sessions bring you key information relating to developments in important international markets, emerging science issues, hazard communication, and so much more.

2011 Agenda Highlights

- TSCA Reform/Modernization
- Chemical Management under TSCA
- Transparency and Intellectual Property Issues in Chemical Management
- Sustainable and Green Products
- Strategies for a Global Submission
- REACH Post-Registration Experiences and Lessons Learned

Whether you are a newcomer, veteran, or in-between you will gain insight on various issues that are essential to your company's business. Participation in this Conference provides you information from and interaction with experts on the U.S. Toxic Substances Control Act (TSCA), the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) regulation, among others.

Look at What's New for 2011!

- Check out the pre-conference IUR Special Session that follows the TSCA Fundamentals workshop. The proposed modifications to the IUR Rule may go final by March so make sure you are prepared by registering for this valuable addition to GlobalChem 2011.
- New Location!
- GlobalChem is going GREEN – Attendees will now be issued flash drives containing the Conference materials instead of binders.

The 2011 GlobalChem Conference and Exposition delivers valuable information that you can immediately take back and apply to your company – you can't afford to miss it! Register at www.globalchem.org or call 202-721-4166.

GlobalChem 2011 Exposition

GlobalChem isn't just an educational opportunity; it's also a great forum for you to meet industry vendors that already know your business and the issues affecting your company. Industry representatives that specialize in products and services designed to assist you in navigating the complex regulatory roadways will be on-hand. Visit www.globalchem.org to learn more about the GlobalChem Expo. *If your company is interested in exhibiting or becoming a sponsor, contact us today!*

Casino Night!

Last year's Tuesday evening reception was such a hit that we decided to "Double Down" and do it again! Join your industry colleagues in our Casino Night themed event and try your hand at table games, enjoy food and participate in the fun as you network in a relaxed atmosphere. The evening's event is sponsored by Bergeson & Campbell, P.C.

Conference Location & Accommodations

GlobalChem has moved! ACC & SOCMA are pleased to announce that our new Conference host is:

Hilton Baltimore
401 West Pratt Street
Baltimore, Maryland
443.573.8700

Room Rate: \$199 Single/Double until February 28, 2011
(Mention GlobalChem to receive this special rate)

2011 GlobalChem Conference Schedule

March 21-23, 2011 in Baltimore, MD

Monday, March 21, 2011

Registration & Information Desk Open

7:00 am – 6:00 pm

Optional pre-conference workshop on TSCA and IUR Special Sessions requires additional registration and fees.

TSCA Fundamentals Workshop

TSCA 101: Section-by-Section Review

8:00 am – 9:45 am

This session will provide a basic overview of the Toxic Substances Control Act (TSCA) and touch on the various types of substances covered under the statute and some of the obligations of the submitter. The session will also provide insight on EPA's New Chemical (PMN) Review process and provide details on exemptions and their requirements.

Break

9:45 am – 10:00 am

"How To" File an ePMN Plus Common Errors & Trends

10:00 am – 11:30 am

In this session, the process of filling out and submitting a Pre-manufacture notice (PMN) individually and jointly will be explained and demonstrated. Examples of common errors and trends associated with this process will additionally be provided. In an effort to streamline the Section 5 notification process, electronic reporting requirements have been established with the requirements being phased-in over a two-year period. This session will involve a demonstration of the Electronic PMN software to assist affected stakeholders on the implementation of this new tool at EPA.

Lunch

11:30 am – 12:30 pm

IUR Special Session

Review of IUR Modifications Proposed Rule (Final Rule)

12:30 pm – 2:30 pm

In August 2010, EPA issued a proposed rule modifying the reporting obligations under the TSCA Inventory Update Reporting (IUR) Rule which will take effect with the 2011 IUR submission. EPA is proposing to require electronic reporting of IUR information and to modify IUR reporting requirements, including certain circumstances that trigger reporting, the specific data to be reported, the reporting standard for processing and use information, and Confidential Business Information (CBI) reporting procedures. This session is intended to provide a comprehensive overview of the proposed (or final) modifications in an effort to assist those companies affected by this regulation.

Break

2:30 pm – 3:00 pm

IUR Electronic Report Tool (e-IURweb) Overview and Demonstration

3:00 pm – 4:30 pm

This session is intended to provide you with a better understanding of the EPA's proposed 2011 electronic reporting tool, e-IURweb. The Agency is proposing to have submitters use this free, web-based reporting tool to complete Form U for the 2011 IUR. EPA will provide an overview and interactive demonstration of the e-IURweb tool, including the enhanced CDX registration process, and will answer questions related to using the electronic tool.

Workshop Adjourns

4:30 pm

GlobalChem 2011 Kick-Off & Welcome Reception (Exhibit Hall)

5:00 pm – 6:30 pm

Tuesday, March 22, 2011

Registration & Information Desk Open

7:00 am – 6:00 pm

Day One Opening Remarks

8:00 am – 8:45 am

Welcome – Cal Dooley, President & Chief Executive Officer, American Chemistry Council
Keynote Speaker - EPA Administrator Lisa Jackson (INVITED)

General Session One

8:45 am – 10:00 am

TSCA Reform/Modernization Legislative Proposals

Last year there was unprecedented legislative activity on the TSCA reform front. This session will examine the specifics of the proposed TSCA reform legislation and take a look at lessons learned and prospects for the new 112th Congress. We will also examine how this extensive movement permeates the supply chain, gaining a perspective from downstream users.

Break (Exhibit Hall)

10:00 am – 10:30 am

General Session Two

10:30 am – 11:45 am

Chemical Management Under TSCA

While prospects for legislative changes to TSCA remain plausible, EPA continues to utilize its existing regulatory authority via its Enhanced Chemical Management Plan. Get the latest on EPA's chemical action plans and other efforts to ensure chemical safety such as Section 4 Test Plans, Section 5(b)(4) "Chemicals of Concern" List, Nanotechnology, ToxCast and Alternatives Assessment.

Networking Lunch (Exhibit Hall)

11:45 am – 1:00 pm

Breakout Session One

1:00 pm – 2:15 pm

Choose from the following sessions:

Transparency and Intellectual Property Issues in Chemical Management

As announced at last year's GlobalChem, the EPA is taking a closer look at confidential business information (CBI) claims associated with a number of its TSCA programs. This session will take a look at EPA's voluntary CBI Declassification Program; its policy concerning claims of confidentiality of certain chemical identities contained in health and safety studies and data from health and safety studies; moving chemicals from the Confidential to the Public Inventory; and justification for CBI Claims. ***This session will be repeated.***

Sustainable and Green Products

Green chemistry has increasingly been playing a larger role in the chemical management debate. Hear the latest update on California's Green Chemistry Initiative, including implementation of the Safer Consumer Product Alternatives statute and other developments under the Brown Administration. Also, hear the latest developments with retail sustainability activities as well as the most recent updates and plans for 2011 and beyond from EPA's Design for the Environment (DfE) Program. ***This session will be repeated.***

Gathering and Using Exposure Information

This session will focus on how and where to gather exposure information, and provide an overview of exposure assessment techniques in Europe (ECETOC Targeted Risk Assessment Tool) and with EPA's exposure assessment tools and models (e.g., ChemSTEER and E-FAST). ***This session will NOT be repeated.***

Break (Exhibit Hall)

2:15 pm – 2:30 pm

Breakout Session Two

2:30 pm – 3:45 pm

Choose from the following sessions:

EPA Hot Topics

In this EPA led session, hear from agency staff first-hand on some of its current activities and efforts including: Endocrine Disruptor Screening Program (EDSP), Biomonitoring, Environmental Justice.

This session will be repeated.

Sustainable and Green Products

This is a repeat session. See previous description.

Risk Assessment

ACC established the Center for Advancing Risk Assessment Science and Policy (ARASP) to promote the development and use of advanced methods and up-to-date scientific knowledge in chemical risk assessments. This session will explore concepts raised in the TSCA reform debate such as the use of the EPA's Integrated Risk Information System (IRIS), the National Research Council's "Science and Decisions: Advancing Risk Assessment" Report, and use of aggregate and cumulative risk assessment. *This session will NOT be repeated.*

Break (Exhibit Hall)

3:45 pm – 4:00 pm

Breakout Session Three

Choose from the following sessions:

Transparency and Intellectual Property Issues in Chemical Management

This is a repeat session. See previous description.

EPA Hot Topics

This is a repeat session. See previous description.

Nanotechnology

As this promising field continues to generate global interest you will get a timely look at various regulatory approaches and research initiatives being developed. You will get updates on California, the National Nanotechnology Initiative (NNI), the EU and OECD. *This session will NOT be repeated.*

Evening Reception (Exhibit Hall)

Casino Night Sponsored by Bergeson & Campbell, P.C.

7:00 pm – 9:00 pm

Wednesday, March 23, 2011

Registration & Information Desk Open

7:00 am – 1:00 pm

Day Two Opening Remarks

8:00 am – 8:45 am

Welcome – Larry Sloan, President & Chief Executive Officer, SOCMA

Keynote Presentation – "International Year of Chemistry"

General Session Three

8:45 am – 10:00 am

REACH Post-Registration/CLP Notification Experiences and Lessons Learned

With the first REACH registration and CLP notification deadlines passed, you will get perspectives on the progression of the regulation and further obligations. You will hear about company experiences, challenges faced and lessons learned. Also, requirements of the EU's Classification, Labeling and Packaging (CLP) regulations will be examined.

Break (Exhibit Hall)

10:00 am – 10:15 am

Breakout Session Four

10:15 am – 11:30 am

Choose from the following sessions:

Strategies for a Global Submission

In this session, learn how companies can submit a new chemical notification to multiple jurisdictions and how governments can share information when conducting their reviews thus ensuring that efficiencies be established for related regulatory submissions. *This session will be repeated.*

EPA International Priorities

EPA collaborates with a wide variety of multilateral organizations and through the United Nations and other programs to protect human health and the environment. As EPA seeks to manage emerging environmental threats and create successful partnerships to tackle old problems in new ways, these organizations and programs provide a forum for encouraging collective actions for common solutions. Working through multilateral organizations and programs allows EPA to leverage its resources and to respond quickly to emerging threats by offering a structured framework through which EPA can reach critical stakeholders. EPA will provide an update on its participation in the following: Asia Pacific Economic Cooperation (APEC) Chemical Dialogue and Regulators Forum, OECD, the UN Commission on Sustainable Development (CSD), Rio+20, ICCM-3, and the North American Sound Management of Chemicals 2011 Chemicals Conference. *This session will NOT be repeated.*

Canada CMP Phase II

Hear the latest on Canada's plans for the next phase of its Existing Chemicals Management Plan (CMP) for medium priority substances, as well as details on the Domestic Substances List (DSL) Inventory Update, and New Substances Notifications (NSN). *This session will NOT be repeated.*

Networking Lunch (Exhibit Hall)

11:30 am – 12:45 pm

Breakout Session Five

12:45 pm – 2:00 pm

Choose from the following sessions:

Strategies for a Global Submission

This is a repeat session. See previous description.

Emerging or Revised Chemical Control Laws in Asia-Pacific

Asia continues to be a hot market with ever-changing and emerging environmental and chemical control regulations. Come hear the latest developments and experiences from implementation of China's revised Regulations on the Environmental Management of New Chemical Substances and New Chemicals Substance Notification Guidelines, to implementation of Japan's amendments to the Chemical Substances Control Law (CSCL), to Taiwan's Existing Chemicals Notification (ECN) and New Chemical Notification (NCN) regulations. *This session will NOT be repeated.*

Import/Export Requirements

Increased security and safety concerns have led to a number of changes to import and export regulations. This session will give you a brief overview of the issues that you should be aware of before you import or export chemicals. Hear from government agencies on the Customs & Border Protection (CBP) modified ruling on chemical residues in empty containers; 10 + 2 Importer Security Filings (ISF); the Customs-Trade Partnership Against Terrorism (C-TPAT); the President's export control reform initiative, and DEA controlled substances. *This session will NOT be repeated.*

Break

2:00 pm – 2:15 pm

General Session Four

2:15 pm – 3:30 pm

OSHA Update on GHS and PELs

Get an update on the U.S. Department of Labor's Occupational Safety & Health Administration (OSHA) rulemaking efforts to modify its Hazard Communication Standard to implement the Globally Harmonized System (GHS) of Classification and Labeling of Chemicals. Hear the latest details and timing for implementing the final rule. You will also get an update on the United Nations Subcommittee of Experts on the Globally Harmonized System of Classification and Labeling of Chemicals (UNSCEGHS) activities. In addition, you will also receive updates on OSHA's efforts to update the Permissible Exposure Limits (PELs) as well as hear the latest on proposals for combustible dusts and Injury & Illness Prevention Program (I2P2).

Conference Adjourns

3:30 pm

American Chemistry Council
700 Second Street, NE
Washington, DC 20002

GlobalChem 2011 Registration Form (For additional registrants, please copy this form.)

Register by February 4, 2011 to receive a \$250 discount off regular Conference rates!

Fee Schedule:

Please note: all earlybird fees are good until February 4, 2011

Registration Fees:

Member (EarlyBird/Regular Rates): \$850/1100

Non-Member (EarlyBird/Regular Rates): \$1145/1,395

Optional Training Fee:

Fundamentals Training (only): \$750

Fundamentals Training (with Conference/Exhibit Registration): \$300

To register online,
go to www.globalchem.org
or complete this form and
fax to: 202-296-8120

____ **Please check** here if you require special accommodations
to participate fully and attach a written description of your needs.

____ **Please check** here if you do not want your contact
information distributed to other attendees or vendors. (Note:
checking this will remove you from the on-site attendee list)

Registrant Information: (Please provide contact information as it appears on your business card, or attach current business card.)

Name (Mr./Ms.) _____

Job Title _____

Company _____

Company Address _____

Company Address 2 _____

City/State/Prov _____ Zip/Postal _____

Tel _____ Email (req'd. for registration) _____

Payment Information - Full payment is required with all registration forms.

Registration Fee _____ X _____ = _____

American Express MasterCard VISA

Optional Training Fee _____ X _____ = _____

Card Number _____

Expiration Date _____

Total Amount Due

Card Holder's Name, as it appears on the card _____

Billing address, if different from above

Card Holder's Signature _____

Date

Phone Number _____

**Questions? Email or call Caron Turner at
turnerc@socma.com 202-721-4166**

Cancellation Policy Conference registration cancellations received on or before February 28, 2011 will receive a full refund minus a \$65 processing fee. If you do not attend, you are still responsible for payment, but substitutions may be made at any time.
