CALL FOR NOMINATIONS

two thousand and eight leadership and service awards

On behalf of the ANSI Board of Directors and its Awards Committee, I am pleased to invite your nomination of deserving candidates for the Institute's 2008 Leadership and Service Awards.

This annual awards program is a long-standing ANSI tradition. It recognizes the imaginative work that is accomplished when individuals with diverse backgrounds and perspectives come together to develop standards and compliance-based solutions that strengthen our economy and protect our well-being. The testimonies hold true from year to year: award nominees share a common characteristic. Each has dedicated considerable efforts to activities that will promote American competitiveness in a global marketplace, safeguard the environment, and improve the quality of life for workers and consumers around the world.

ANSI invites your identification of outstanding achievements across the broad spectrum of ANSI members and constituents. The 2008 award recipients will join a long and distinguished list of past honorees who have left their mark in the history of the ANSI Federation and the standardization community worldwide.

We look forward to receiving your nominations.
