## WHAT IS THE DOL REGISTERED APPRENTICE PROGRAM

Industry-driven model that combines on-the-job learning with job-related instruction leading to increasing levels of measurable skill attainment and wages.

### What are the Components of Apprenticeship?

#### **Employer Involvement**

Employers are the foundation of every apprenticeship program.

#### **Structured On-the-Job Training**

#### Rewards for Skill Gains

Apprentices receive increases in wages as they gain higher level skills.

### **National Occupational Credential**

### **BENEFITS**

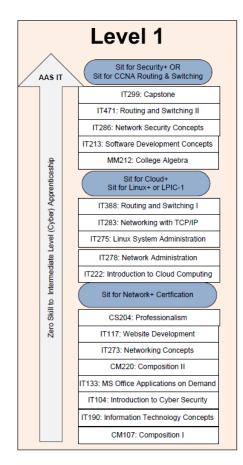

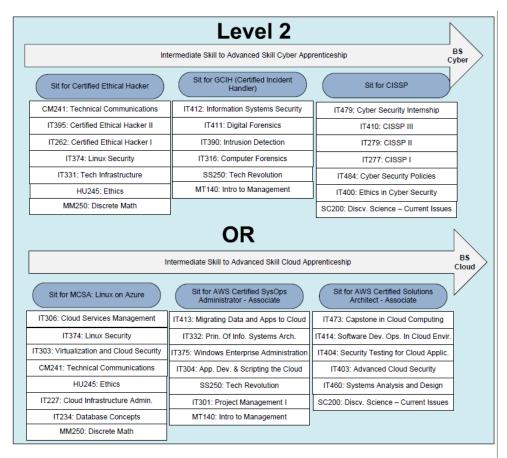

# **Apprenticeship: Academic Structure**

Two levels of Apprenticeships. Employers would have the option of signing on to level 1, level 2, or both.

Custom Apprenticeship outside of the Above Structure

Multiple Level 2 options will be created. BS Cyber and BS Cloud Computing will be two pathways.

Other pathway will also be created based on Industry and Employer feedback.

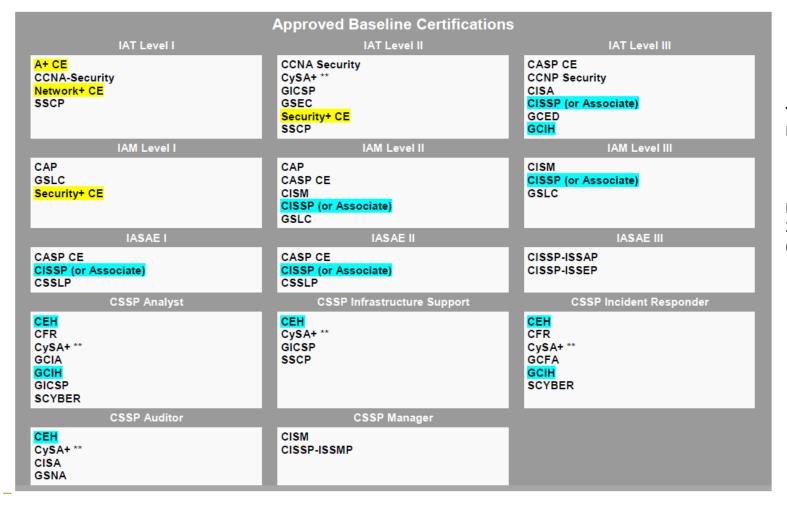

Custom pathways may also be created.

Summative Assessment/Advancement in Pay

TBD

# **Apprenticeship: Cybersecurity Credentials**

Prepares Apprentices to sit for industry recognized credentials that meet the qualifications of DOD 8570.

Yellow Highlight = Level 1 Apprenticeship

Blue Highlight = Level 2 Apprenticeship (cybersecurity)
